(57) **CLAIM**

We claim the ornamental design for a light source system, as shown and described.

DESCRIPTION

FIG. **1** is a front perspective view from above and one side of the first embodiment of a light source system showing our new design;
FIG. **2** is a front perspective view of the light source system of FIG. **1** from above and the other side thereof;
FIG. **3** is a front perspective view from above and one side of the second embodiment of a light source system having a thumb wheel;
FIG. **4** is a front perspective view of the light source system of FIG. **3** from above and the other side therefor;
FIG. **5** is a rear perspective view of either of the light source systems of FIGS. **1, 2, 3** and **4**;
FIG. **6** is a front view of the light source system of FIGS. **1** and **2**; and,
FIG. **7** is a front view of the light source system of FIGS. **3** and **4**.
The underside of the light source system is not shown and is not a feature of the design.
