(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains materials to which a claim for copyright and trademark is made. The copyright and trademark owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent and Trademark Office records, but reserves all other copyright and trademark rights whatsoever.

The sole FIGURE is a front view of a display screen with graphical user interface in an embodiment of the present disclosure.

The outermost broken line showing of the display screen and all other broken lines showing of portions of the graphical user interface are for the purpose of illustrating portions of the article and form no part of the claimed design.
