Primary Examiner — Daniel J Domino

(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. **1** is a front view of a first image in a sequence for a display screen or portion thereof with animated graphical user interface according to the claimed design;
FIG. **2** is a second image thereof;
FIG. **3** is a third image thereof;
FIG. **4** is a fourth image thereof;
FIG. **5** is a fifth image thereof; and,
FIG. **6** is a sixth image thereof.

The outermost broken lines shown in FIGS. **1-6** illustrate a display screen or portion thereof and form no part of the claimed design. The remaining broken lines, including all text and icons, illustrate portions of the graphical user interface that form no part of the claimed design.

The appearance of an embodiment of the image transitions sequentially between the images shown in the sequence of FIGS. **1** through **6**. The process or period in which one image transitions to another forms no part of the claimed design.

The claimed embodiment is applicable to mobile devices, laptops, tablet devices, and. other computing environments which can generate a graphical user interface or other display elements for a display screen of a computing device.

1 Claim, 6 Drawing Sheets
