*Patented Sep. 1, 1857.*

# UNITED STATES PATENT OFFICE.

WILLIAM MEYER, OF PROGRESS, NEW JERSEY.

## SHOWER-BATH APPARATUS.

Specification of Letters Patent No. 18,101, dated September 1, 1857.

*To all whom it may concern:*

Be it known that I, WILLIAM MEYER, of Progress, in the county of Burlington, in the State of New Jersey, have invented a new and useful Improvement in Shower-Baths; and I do hereby declare that the following is a full, clear, and exact description of the same, reference being had to the annexed drawing, making a part of this specification.

10 A is the lower reservoir; B, pump to force the water to the upper reservoir D; *b*, leakage pipe leading from pump into lower reservoir; C, pipe leading from pump to the upper reservoir; *c*, discharge pipe from  
15 pump B; E, upper rose to discharge water downward; *e*, valve to open and close the upper rose; F, handle to open and shut valve

in upper reservoir; G, stopcock to shut off water from pipes H I K and L; H, pipe from upper reservoir to feed pipes I K and 20 L; I and K, perforated pipes extending partially around the bath frame at any convenient height; L, lower rose to discharge water upward; M, draw off cock.

What I claim as my invention and im- 25 provements and desire to secure by Letters Patent are—

The perforated pipes I and K and the lower rose L by means of which a more thorough and perfect shower bath is obtained.

WILLIAM MEYER.
