

United States Patent Office.

H. ZOEGER, OF NEW YORK, N. Y.

Letters Patent No. 62,516, dated February 26, 1867.

IMPROVED MEDICAL COMPOUND.

The Schedule referred to in these Letters Patent and making part of the same.

TO ALL WHOM IT MAY CONCERN:

Be it known that I, H. ZOEGER, of No. 116 Allen street, in the city, county, and State of New York, have invented a new and improved Remedy for Piles, etc.; and I do hereby declare that the following is a full, clear, and exact description thereof, which will enable those skilled in the art to make and use the same.

This invention relates to a compound which has proved of immense value for the purpose of relieving and curing piles and other diseases of a similar nature, or springing from the same cause.

The compound is made of alcohol, rhubarb, gentian, blessed thistle, centaury minor, aloe, ginger, angelica, elecampane, and licorice, and these ingredients are mixed together in about the following proportion: alcohol, sixty-eight ounces; rhubarb, (*Radix rhei*,) one-half ounce; gentian, (*Radix gentian*,) one-half ounce; blessed thistle, (*Herba cardui benedict*,) two ounces; centaury minor, (*Herba centauri minor*,) two ounces; aloe, one-half ounce; ginger, (*Radix zingiberis*,) one and one-half ounce; angelica, one ounce; elecampane, (*Radix inula*,) one ounce; licorice, two ounces. All these ingredients are digested with the alcohol, and the whole mixture is thinned with water to such an extent that from the above quantity five quarts of the mixture are obtained. For each quart one and one-half ounce of sugar is added, and the mixture is colored with suitable sugar color. It is then put up in bottles of suitable size, and it is ready for use. It can be taken in doses to suit the patient. Generally one table-spoonful taken three times a day is sufficient to give relief, and finally to cure piles in their worst form.

What I claim as new, and desire to secure by Letters Patent, is—

The within-described compound, made of the ingredients herein specified, and mixed together substantially as and about in the proportion herein set forth.

H. ZOEGER.
