United States Patent Office.

RALPH S. JENNINGS, OF PHILADELPHIA, PENNSYLVANIA.

Letters Patent No. 73,337, dated January 14, 1868.

CARD AND CRIBBAGE-BOARD.

The Schedule referred to in these Letters Patent and making part of the same.

TO WHOM IT MAY CONCERN:

Be it known that I, RALPH S. JENNINGS, of the city of Philadelphia, in the State of Pennsylvania, have invented a new and valuable Improvement in Playing-Card Boards; and I do hereby declare that the following is a full, clear, and exact description of the same, reference being had to the annexed drawings, making a part of this specification, and to the letters and figures of reference marked thereon.

The nature of my invention consists mainly in combining a neat and permanent cribbage-board with a card-board, arranged for the games of whist and euchre.

Letters A A, of the drawings, represent a cribbage-board, and letter B is an elastic strap, fastened with five pins, so adjusted as to provide four spaces for holding the cribbage-pins. Letter C is a register for keeping the games. I place a register in each corner of the board, as shown on the drawings. Letter D is a space provided for holding the cards. I place two of these on each side of the board. The open space between the two sections of the cribbage-board is designed for carrying on the game.

What I claim as my invention, and desire to secure by Letters Patent, is—

A card-board, constructed as described, and so arranged as to be used for playing thereon the ordinary games of cards, or the game of cribbage.

RALPH S. JENNINGS.
