Atty.

United States Patent Office.

JOHN W. FISHER, OF ALBANY, NEW YORK.

Letters Patent No. 109,729, dated November 29, 1870.

IMPROVEMENT IN SHOES.

The Schedule referred to in these Letters Patent and making part of the same.

To all whom it may concern :

Be it known that I, JOHN W. FISHER, of Albany, in the county of Albany and State of New York, have invented certain new and useful Improvements in Slipper or Low Shoes ; and I do hereby declare that the following is a full, clear, and exact description thereof, reference being had to the accompanying drawing and to the letters of reference marked thereon which form a part of this specification.

The nature of my invention consists in a slipper so constructed that it can be worn as a shoe, if so desired.

In order to enable others skilled in the art to which my invention appertains to make and use the same, I will now proceed to describe its construction and operation, referring to the annexed drawing, which represents a side view of my improved slipper when worn as a shoe.

A represents the upper of my slipper, which upper is extended far enough up to cover the ankle in front.

B is the back of the slipper, which also forms the sides thereof, and is sewed to the upper A from the point *a* downward to the sole, as shown.

The front ends of the back B, from the point *a* forward, form flaps C C, with two or more holes for lacing across the upper portion of the upper A.

In this manner the slipper may be used as a lace shoe ; or, in place of lacing, these flaps may have buttons and button-holes for buttoning across the front of the foot.

When used as a slipper, the flaps C C are turned under the upper A.

Having thus fully described my invention,

What I claim as new, and desire to secure by Letters Patent, is—

The within-described slipper, provided with the extended upper A and the flaps C C so that it may be used interchangeably as a slipper and as a shoe, substantially as set forth.

In testimony that I claim the foregoing as my own, I affix my signature in presence of two witnesses.

J. W. FISHER.
