

UNITED STATES PATENT OFFICE.

WILLIAM H. WAGONER, OF HURD POST OFFICE, PENNSYLVANIA.

IMPROVEMENT IN MEDICAL COMPOUNDS OR LINIMENTS.

Specification forming part of Letters Patent No. 127,283, dated May 28, 1872.

Specification describing a new and Improved Compound for Liniment, invented by WILLIAM H. WAGONER, of Hurd Post Office, in the county of Clearfield and State of Pennsylvania.

I propose to make a liniment of the following compound: of alcohol, spirits of turpentine, rye whisky, and sweet-oil, in equal parts or thereabout.

Having thus described my invention, I claim

as new and desire to secure by Letters Patent—

The above-described compound, substantially in the proportions stated, for liniment.

WM. H. WAGONER.

Witnesses:

FRANK FIELDING,
JNO. W. WRIGLEY.
