

# UNITED STATES PATENT OFFICE.

CLISBE AUSTIN, OF JOHNSON CITY, TENNESSEE, ASSIGNOR TO AUSTIN BROTHERS, OF SAME PLACE.

## IMPROVEMENT IN MEDICAL COMPOUNDS.

Specification forming part of Letters Patent No. **152,939**, dated July 14, 1874; application filed September 19, 1873.

*To all whom it may concern:*

Be it known that I, CLISBE AUSTIN, of Johnson City, Washington county and State of Tennessee, have invented a certain Compound, to be called Austin's Liver Regulator, of which the following is a specification:

My compound is used for invigorating and strengthening the liver, purifying the blood, and giving universal strength and tone to the whole system, in the most natural manner of all medicines now in use, and consists in the following ingredients, viz: Leptandrin, four pounds; podophyllin, eight ounces; cypripedium, eight ounces; apocynum, eight ounces; apple-vinegar, six gallons; silphium, four ounces; scutellaria, four ounces; *Aralia nudicaulis*,

eight ounces; *Eupatorium purpureum*, four ounces.

In compounding my ingredients, I put them all together in a brass kettle and boil six hours, when it is strained, filtered, and bottled for use.

Having described my invention, what I claim is—

A compound composed of the ingredients herein named, in about the proportions specified.

September 17, 1873.

CLISBE AUSTIN.
