UNITED STATES PATENT OFFICE.

PIERRE C. CHAMBELLAN, OF NEW YORK, ASSIGNOR TO ALEXANDER SMITH
& SONS CARPET COMPANY, OF YONKERS, N. Y.

DESIGN FOR A CARPET.

SPECIFICATION forming part of Design No. 14,017, dated July 3, 1883.

Application filed May 4, 1883. Term of patent $3\frac{1}{2}$ years.

To all whom it may concern:

Be it known that I, PIERRE CHARLES CHAMBELLAN, of New York city, county and State of New York, have invented a new and original Design for Carpets, of which the following is a specification.

The accompanying photograph illustrates my new design for carpets.

This invention relates to a new design for carpets, oil-cloths, and analogous fabrics; and it consists of the new ornamentation of parts, hereinafter more fully pointed out.

In the accompanying photograph the central and most prominent group is a bouquet, A, of flowers, the flowers radiating from the bouquet in various directions. Thus the tulip-like flower *a* projects upward toward the right, the hyacinth *b* upward toward the left, the small peony-like flower *d* downward toward the left, and the bunch of zinnia-like flowers

e downward toward the right, these radiating flowers being clustered around the main central group of roses, peonies, and other flowers, as shown. Above this bouquet A is a spray of flowers, B, a similar spray, B, being below the bouquet A. A series of leaves, *f*, subdued in tint as compared with the prominence of the bouquet and spray of flowers, fill the background of this carpet between and around the said floral decorations, and add to the picturesqueness of the design.

I claim—

The design for carpets, consisting of the bouquet A, spray B, and leaves *f*, substantially as shown.

PIERRE CHARLES CHAMBELLAN.
