UNITED STATES PATENT OFFICE

THOMAS B. ATTERBURY AND WASHINGTON BECK, OF PITTSBURG, ASSIGN-
ORS TO GEORGE A. MACBETH, OF ALLEGHENY CITY, PENNSYLVANIA.

DESIGN FOR A LAMP-CHIMNEY.

SPECIFICATION forming part of Design No. 16,180, dated July 28, 1885.

Application filed January 31, 1884. Term of patent 7 years.

To all whom it may concern:

Be it known that we, THOMAS B. ATTERBURY and WASHINGTON BECK, of Pittsburg, in the county of Allegheny and State of Pennsylvania, have invented a new and original Design for Lamp-Chimneys; and we do hereby declare the following to be a full, clear, and exact description thereof.

Our design relates to the ornamentation of the top ends of lamp-chimneys; and it consists of a prismatic band or band of similar ornamental work surrounding and contiguous to the top end of the lamp-chimney.

To enable others skilled in the art to employ our design, we will describe the same more fully, referring to the accompanying drawing, which is a perspective view of a lamp-chimney illustrating our design.

The lamp-chimney *a* is of the ordinary form, and has the flared upper portion, *b*, and the circular top end, *c*. Surrounding and contiguous to the top end, *c*, is the prismatic band *d*, or band of similar ornamental work,

the band shown being formed of a series of serrations, thus forming the prismatic band, the faces of which catch the light around the top end of the chimney and break or reflect it, thus adding greatly to the appearance of the chimney.

What we claim as our design is—

The design for a lamp-chimney herein described, consisting of a prismatic band or band of similar ornamental work surrounding and contiguous to the top end thereof.

In testimony whereof we, the said THOMAS B. ATTERBURY and WASHINGTON BECK, have hereunto set our hands.

THOMAS B. ATTERBURY.
WASHINGTON BECK.

Witnesses for T. B. Atterbury:

JAMES W. PRESCOTT,
D. S. SALISBURY.

For Washington Beck:

J. SNOWDEN BELL,
DARWIN S. WOLCOTT.
