(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

1. Display screen with graphical user interface
FIG. 1.1: Horizontal view
FIG. 1.2: Vertical view
FIG. 1.1 is a front view of a first image in a sequence for a display screen with graphical user interface; and
FIG. 1.2 is a second image thereof.
The outermost broken line rectangle shows the display screen, and forms no part of the claimed design. All other broken lines show portions of the graphical user interface that form no part of the claimed design.
The appearance of the transitional image sequentially transitions between the images shown in Reproductions FIG. 1.1 and FIG. 1.2. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 2 Drawing Sheets
