(57) **CLAIM**

We claim the ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a view of a first embodiment of a display screen with graphical user interface showing the new design; FIG. 2 is a view of a second embodiment of a display screen with graphical user interface showing the new design; and, FIG. 3 is a view of a third embodiment of a display screen with graphical user interface showing the new design. The outermost broken line perimeter illustrates a display, screen, or the like or portion thereof and forms no part of the claimed design. All other broken lines are directed to features of a display screen with graphical user interface and form no part of the claimed design.
