Hargreaves & Savitch LLP

(57) **CLAIM**

The ornamental design for a human machine interface display screen or portion thereof with graphical user interface for industrial applications, as shown and described.

DESCRIPTION

The single FIGURE shows a front view of a human machine interface display screen or portion thereof with graphical user interface for industrial applications showing our new design.
The broken line showing of the human machine interface display screen or portion thereof is for illustrative purposes and forms no part of the claimed design.
