(57) **CLAIM**

The ornamental design for a modular living wall planter component, as shown and described.

DESCRIPTION

The inventors claim a right of priority to U.S. Provisional Patent Application No. 62/840,868, which has a priority date of Apr. 30, 2019.

FIG. 1 is a perspective view of a modular living wall planter component showing our new design; FIG. 2 is a front elevation view thereof; FIG. 3 is a rear elevation view thereof; FIG. 4 is a right elevation view thereof; FIG. 5 is a left elevation view thereof; FIG. 6 is a top plan view thereof; FIG. 7 is a bottom plan view thereof; and, FIG. 8 is a perspective view of the modular living wall planter component shown in its environment.

The broken lines shown in the drawings illustrate use and environment of the modular living wall planter component that form no part of the claimed design.
