(57) CLAIM

I claim the ornamental design for a driving light, as shown and described.

DESCRIPTION

FIG. 1 is a front, right perspective view of a driving light showing our new design;
FIG. 2 is a rear, right perspective view of the driving light;
FIG. 3 is a front view of the driving light;
FIG. 4 is a rear view of the driving light;
FIG. 5 is a left side view of the driving light, the right side view of the driving light being a mirror image of the left side view;
FIG. 6 is a top view of the driving light; and,
FIG. 7 is a bottom view of the driving light.
The broken lines shown in the drawings illustrate portions of the driving light that form no part of the claimed design. The lighter weight solid lines shown in FIGS. 1-7 are shade lines and not surface ornamentation, color, or material type.
