(57) CLAIM

The ornamental design for an air grille panel, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an air grille panel showing our new design in an aircraft sidewall panel assembly environment;
FIG. 2 is a back perspective view of the air grille panel of FIG. 1 in the aircraft sidewall panel assembly environment;
FIG. 3 is a front elevational view of the air grille panel of FIG. 1;
FIG. 4 is a back elevational view of the air grille panel of FIG. 3;
FIG. 5 is a left side elevational view of the air grille panel of FIG. 3; and,
FIG. 6 is a right side elevational view of the air grille panel of FIG. 3.
The broken lines in the drawings depict portions of the air grille panel that form no part of the claimed design. The dash-dot lines shown in FIGS. 1-6 depict the bounds of the claimed design and neither the dash-dot lines, nor the surface within or between the dash-dot boundary form part of the claimed design. The additional elements shown in broken lines in FIGS. 1-2 depict environmental subject matter only and form no part thereof.

1 Claim, 4 Drawing Sheets
