(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface showing our new design; and, FIG. 2 is a front view of a second embodiment of a display screen with graphical user interface showing our new design. The outermost dash-dash broken line rectangle depicts a display screen and forms no part of the claims design. The remaining dash-dash and dot-dot broken lines illustrate portions of the graphical user interface that form no part of the claimed design.
