CLAIM

The ornamental design for a surgical tool, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a surgical tool showing our new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a left-side elevational view thereof;

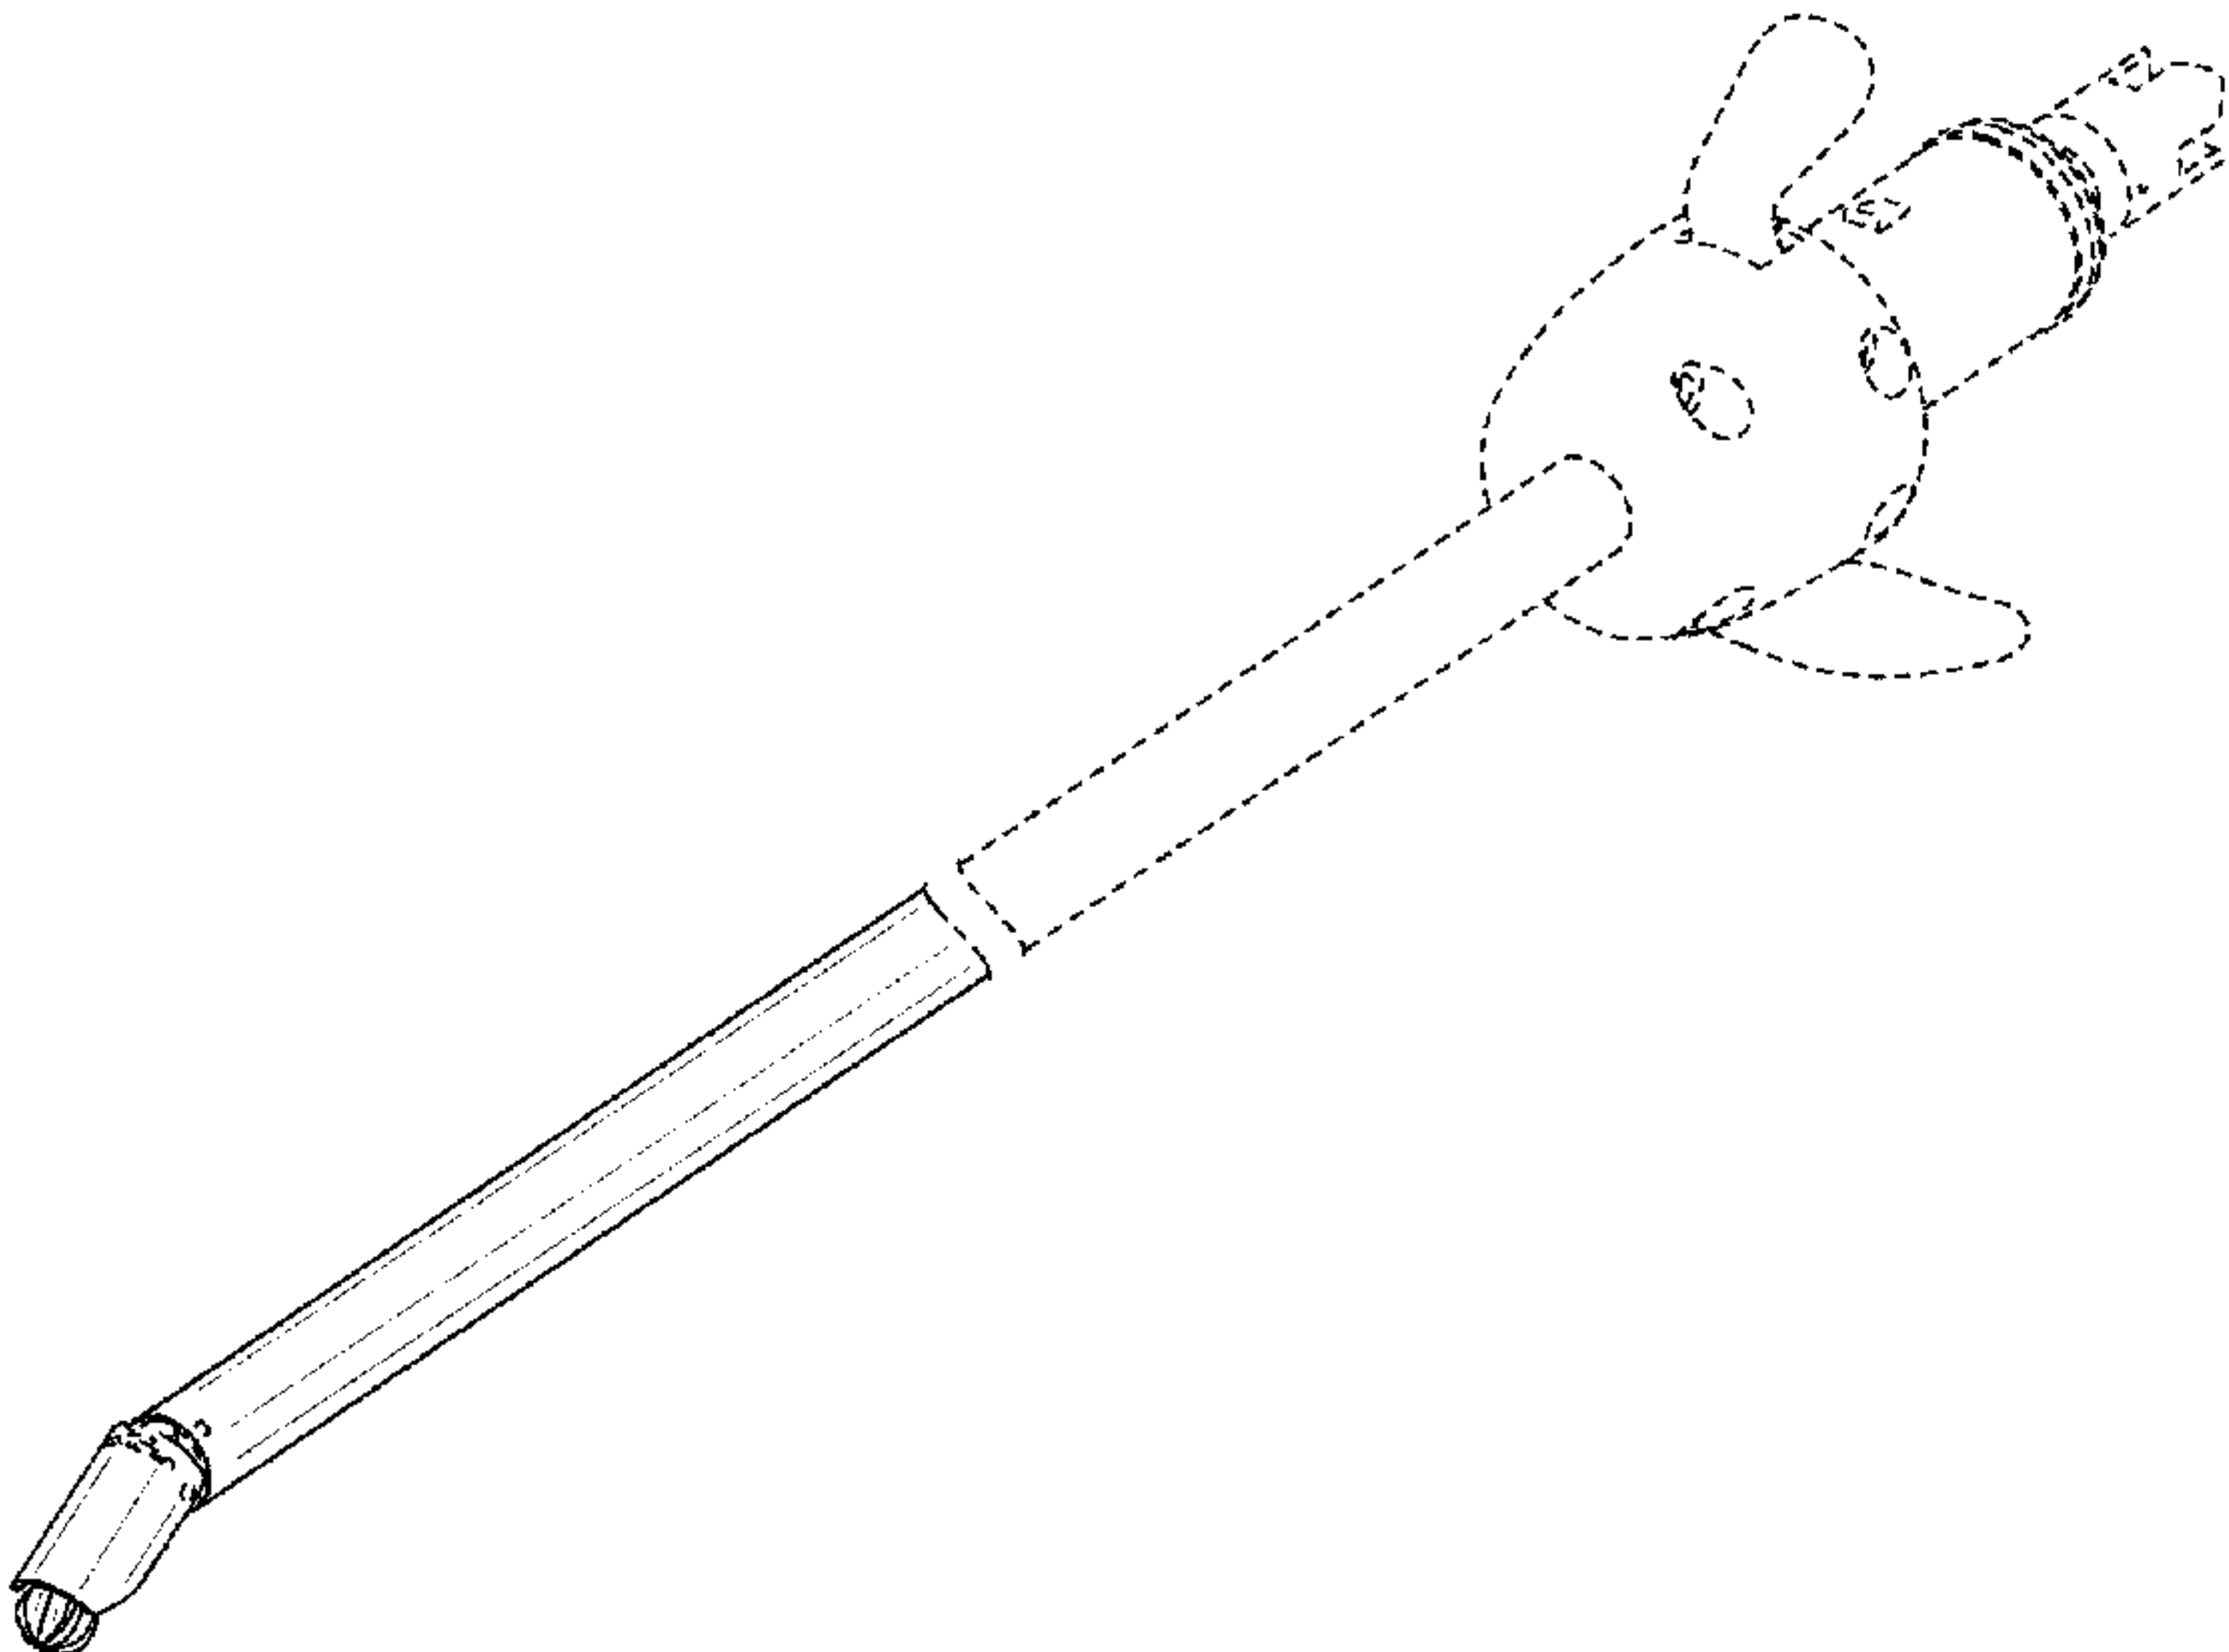

FIG. 5 is a right-side elevational view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.

The surgical tool is shown with a symbolic break in its length. The appearance of any portion of the surgical tool between the break lines forms no part of the claimed design. The broken lines depict portions of the surgical tool that form no part of the claimed design. The dash-dot-dash lines illustrate boundaries that form no part of the claimed design.

1 Claim, 4 Drawing Sheets
