(57) CLAIM

The ornamental design for a shoe insole, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing/photograph will be provided by the Office upon request and payment of the necessary fee.
The FIGURE is a bottom planar view of a shoe insole showing my new design.
The dash-dot-dash broken line illustrates a boundary that forms no part of the claimed design. The remaining broken lines depict portions of the shoe insole that form no part of the claimed design. The color of the speckles forms part of the claimed design. The surface area within the claimed portions of the shoe insole, which is illustrated on a white sheet of paper, forms part of the claimed design and the particular color of that surface area forms no part of the claimed design.
