(57) CLAIM

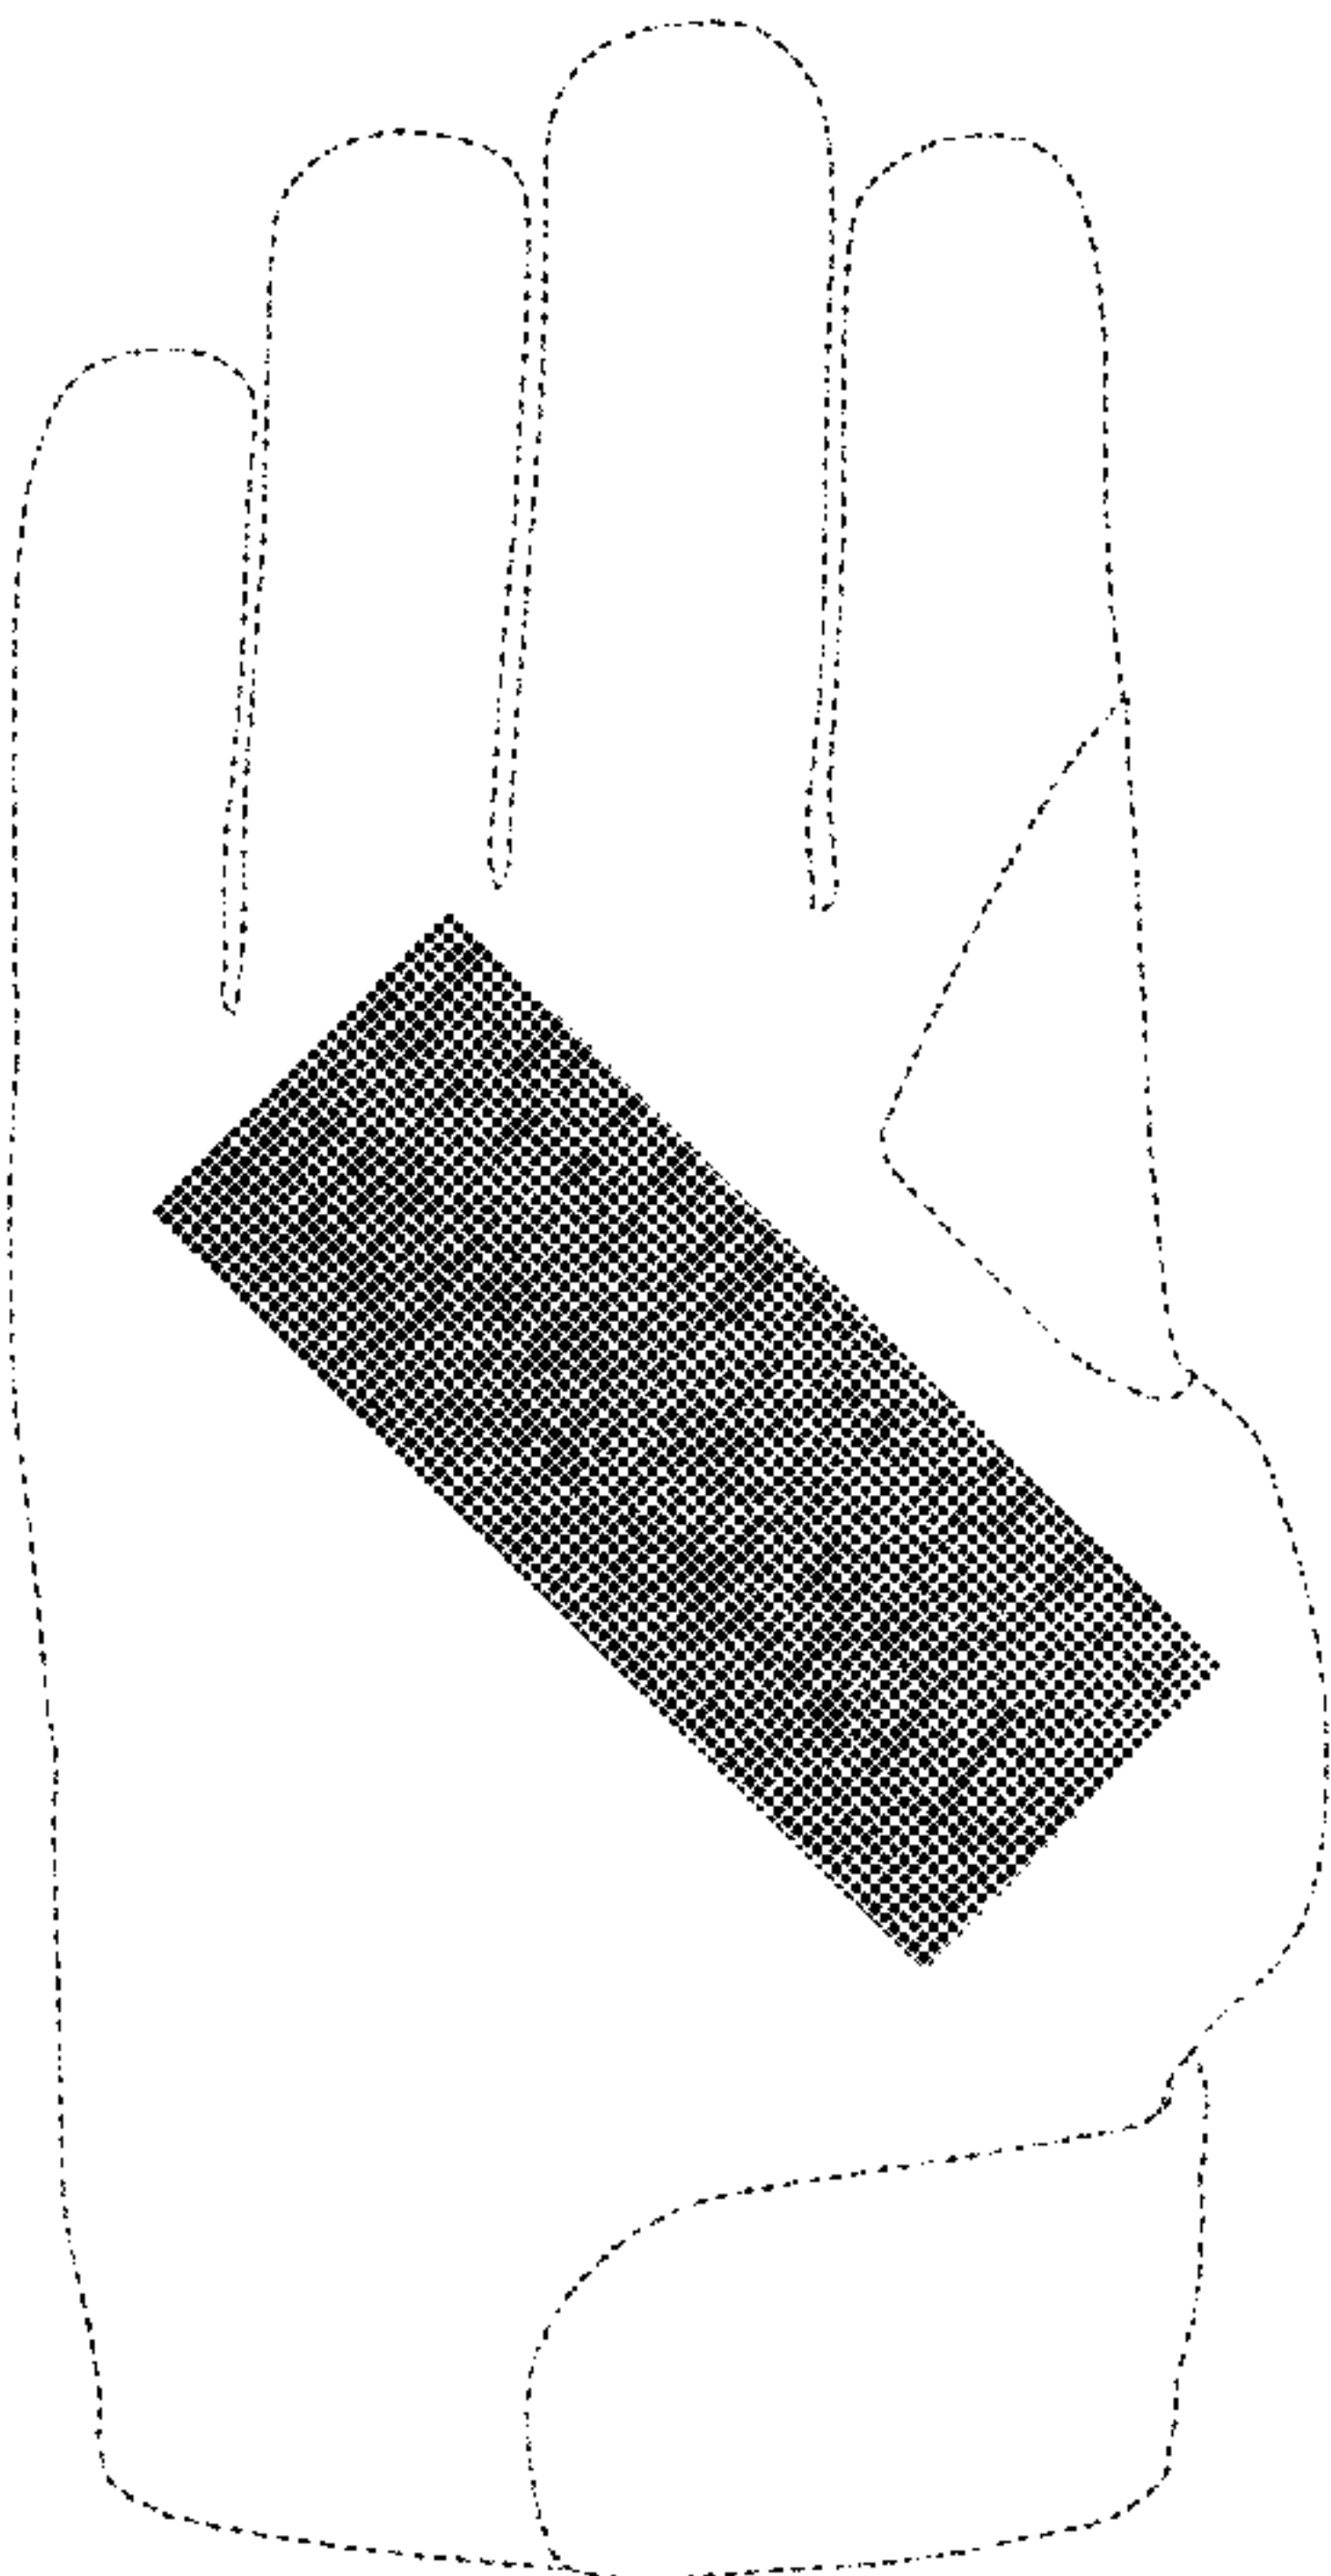

The ornamental design for a glove, as shown and described.

DESCRIPTION

FIG. 1 is a top view of a glove according to one embodiment; and,
FIG. 2 is a top view of a glove according to another embodiment.

The broken lines shown in the figures represent portions of the article and form no part of the claimed design. Portions of each glove embodiment that are not shown form no part of the claimed design. The shading in the figures represents a contrast in appearance and does not depict any particular color or texture. A left-hand glove is depicted in the Figures, it being understood that a right-hand version of the glove would be of mirror image appearance. In each of the glove embodiment of FIG. 1 and the glove embodiment of FIG. 2, only the shaded rectangular region is being claimed.
