(57) CLAIM

The ornamental design for an energy module monopolar port, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of receptacles for an energy module that includes a monopolar port with a fourth socket among three other sockets.
FIG. 2 is a front elevation view of the receptacles for the energy module of FIG. 1.
FIG. 3 is a rear elevation view of the receptacles for the energy module of FIG. 1.
FIG. 4 is a left elevation view of the receptacles for the energy module of FIG. 1.
FIG. 5 is a right elevation view of the receptacles for the energy module of FIG. 1.
FIG. 6 is a top plan view of the receptacles for the energy module of FIG. 1; and,
FIG. 7 is a bottom plan view of the receptacles for the energy module of FIG. 1.
The broken lines in the drawings are for the purpose of illustrating portions of the energy module monopolar port that form no part of the claimed design.
