(57) CLAIM

The ornamental design for a display screen with an animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a display screen or a portion thereof with an animated graphical user interface;

FIG. 2 is a front view of a second image thereof; and,

FIG. 3 is a front view of a third image thereof.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-3. The process or period in which an image transitions to another forms no part of the claimed design.

The outer broken lines showing of display screen or a portion thereof form no part of the claimed design. The other broken lines form part of the claim, showing part of the animated graphical user interface.
