Primary Examiner — Daniel J Domino

(57) **CLAIM**

We claim the ornamental design for an automobile display screen with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of an automobile display screen with a graphical user interface, of the new design; and,

FIG. 2 is a front view of a second embodiment of an automobile display screen with a graphical user interface, of the new design.

The outermost broken line rectangle shows the display screen, and forms no part of the claimed design.
