(57) **CLAIM**

The ornamental design for a display screen or portion thereof with set of graphical user interfaces, as shown and described.

DESCRIPTION

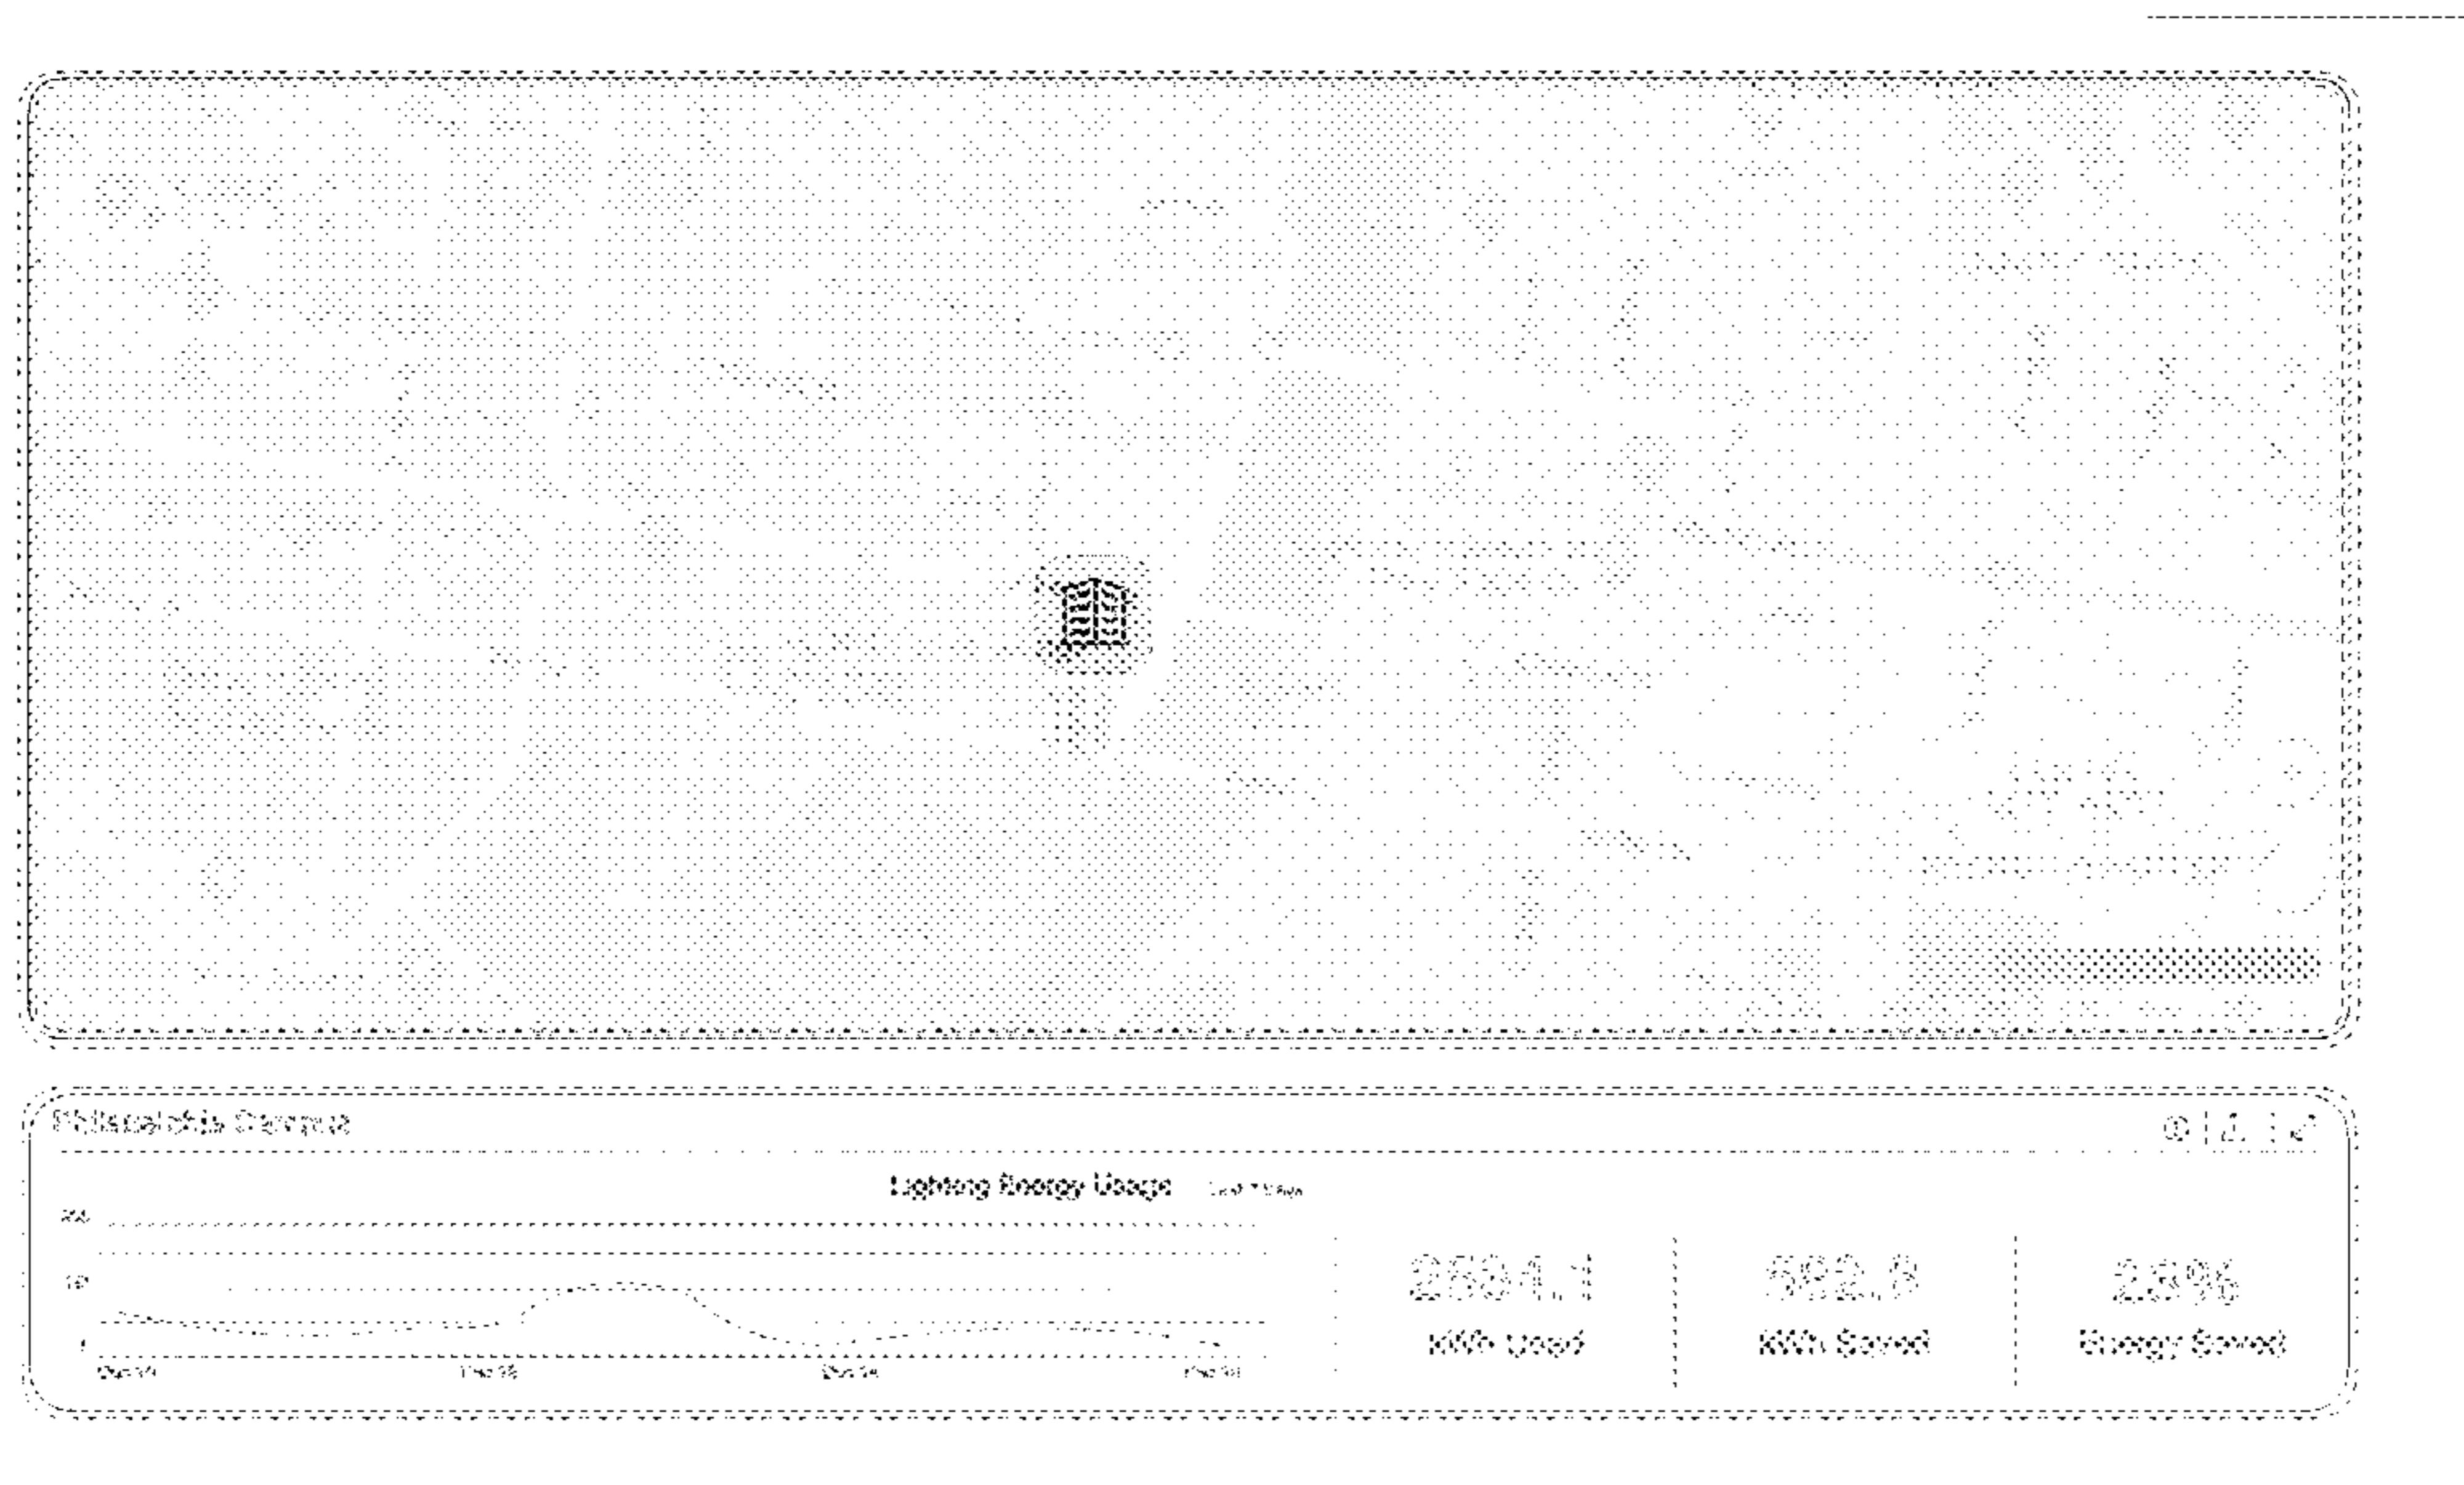

The sole FIGURE is a front view of a display screen or portion thereof with set of graphical user interfaces showing the claimed design.

The peripheral dashed broken lines depict a display screen or portion thereof which forms no part of the claimed design. The interior broken lines depict portions of the graphical user interface which form no part of the claimed design.

The bracket indicates a set; the bracket itself forms no part of the claimed design. The elements of the set are arranged relatively on the drawing sheet for the convenience of illustration, and the placement of each element relative to another, or to the drawing sheet, forms no part of the claimed design.

The claim is directed to the collective appearance of the set of graphical user interfaces.
