(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 shows a front view of a display screen portion with graphical user interface according to a first embodiment of the claimed design;

FIG. 2 shows a front view of a display screen portion with graphical user interface according to a second embodiment of the claimed design;

FIG. 3 shows a front view of a display screen portion with graphical user interface according to a third embodiment of the claimed design;

FIG. 4 shows a front view of an electronic device with display screen displaying the first embodiment;

FIG. 5 shows a front view of a display screen portion with graphical user interface according to a fourth embodiment of the claimed design;

FIG. 6 shows a front view of a display screen portion with graphical user interface according to a fifth embodiment of the claimed design;

FIG. 7 shows a front view of a display screen portion with graphical user interface according to a sixth embodiment of the claimed design; and,

FIG. 8 shows a front view of an electronic device with display screen displaying the fourth embodiment.

The outermost broken lines show either a display screen portion or an electronic device with display screen and form no part of the claimed design. The remaining broken lines show portions of a graphical user interface and form no part of the claimed design.
