(57) **CLAIM**

I claim the ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

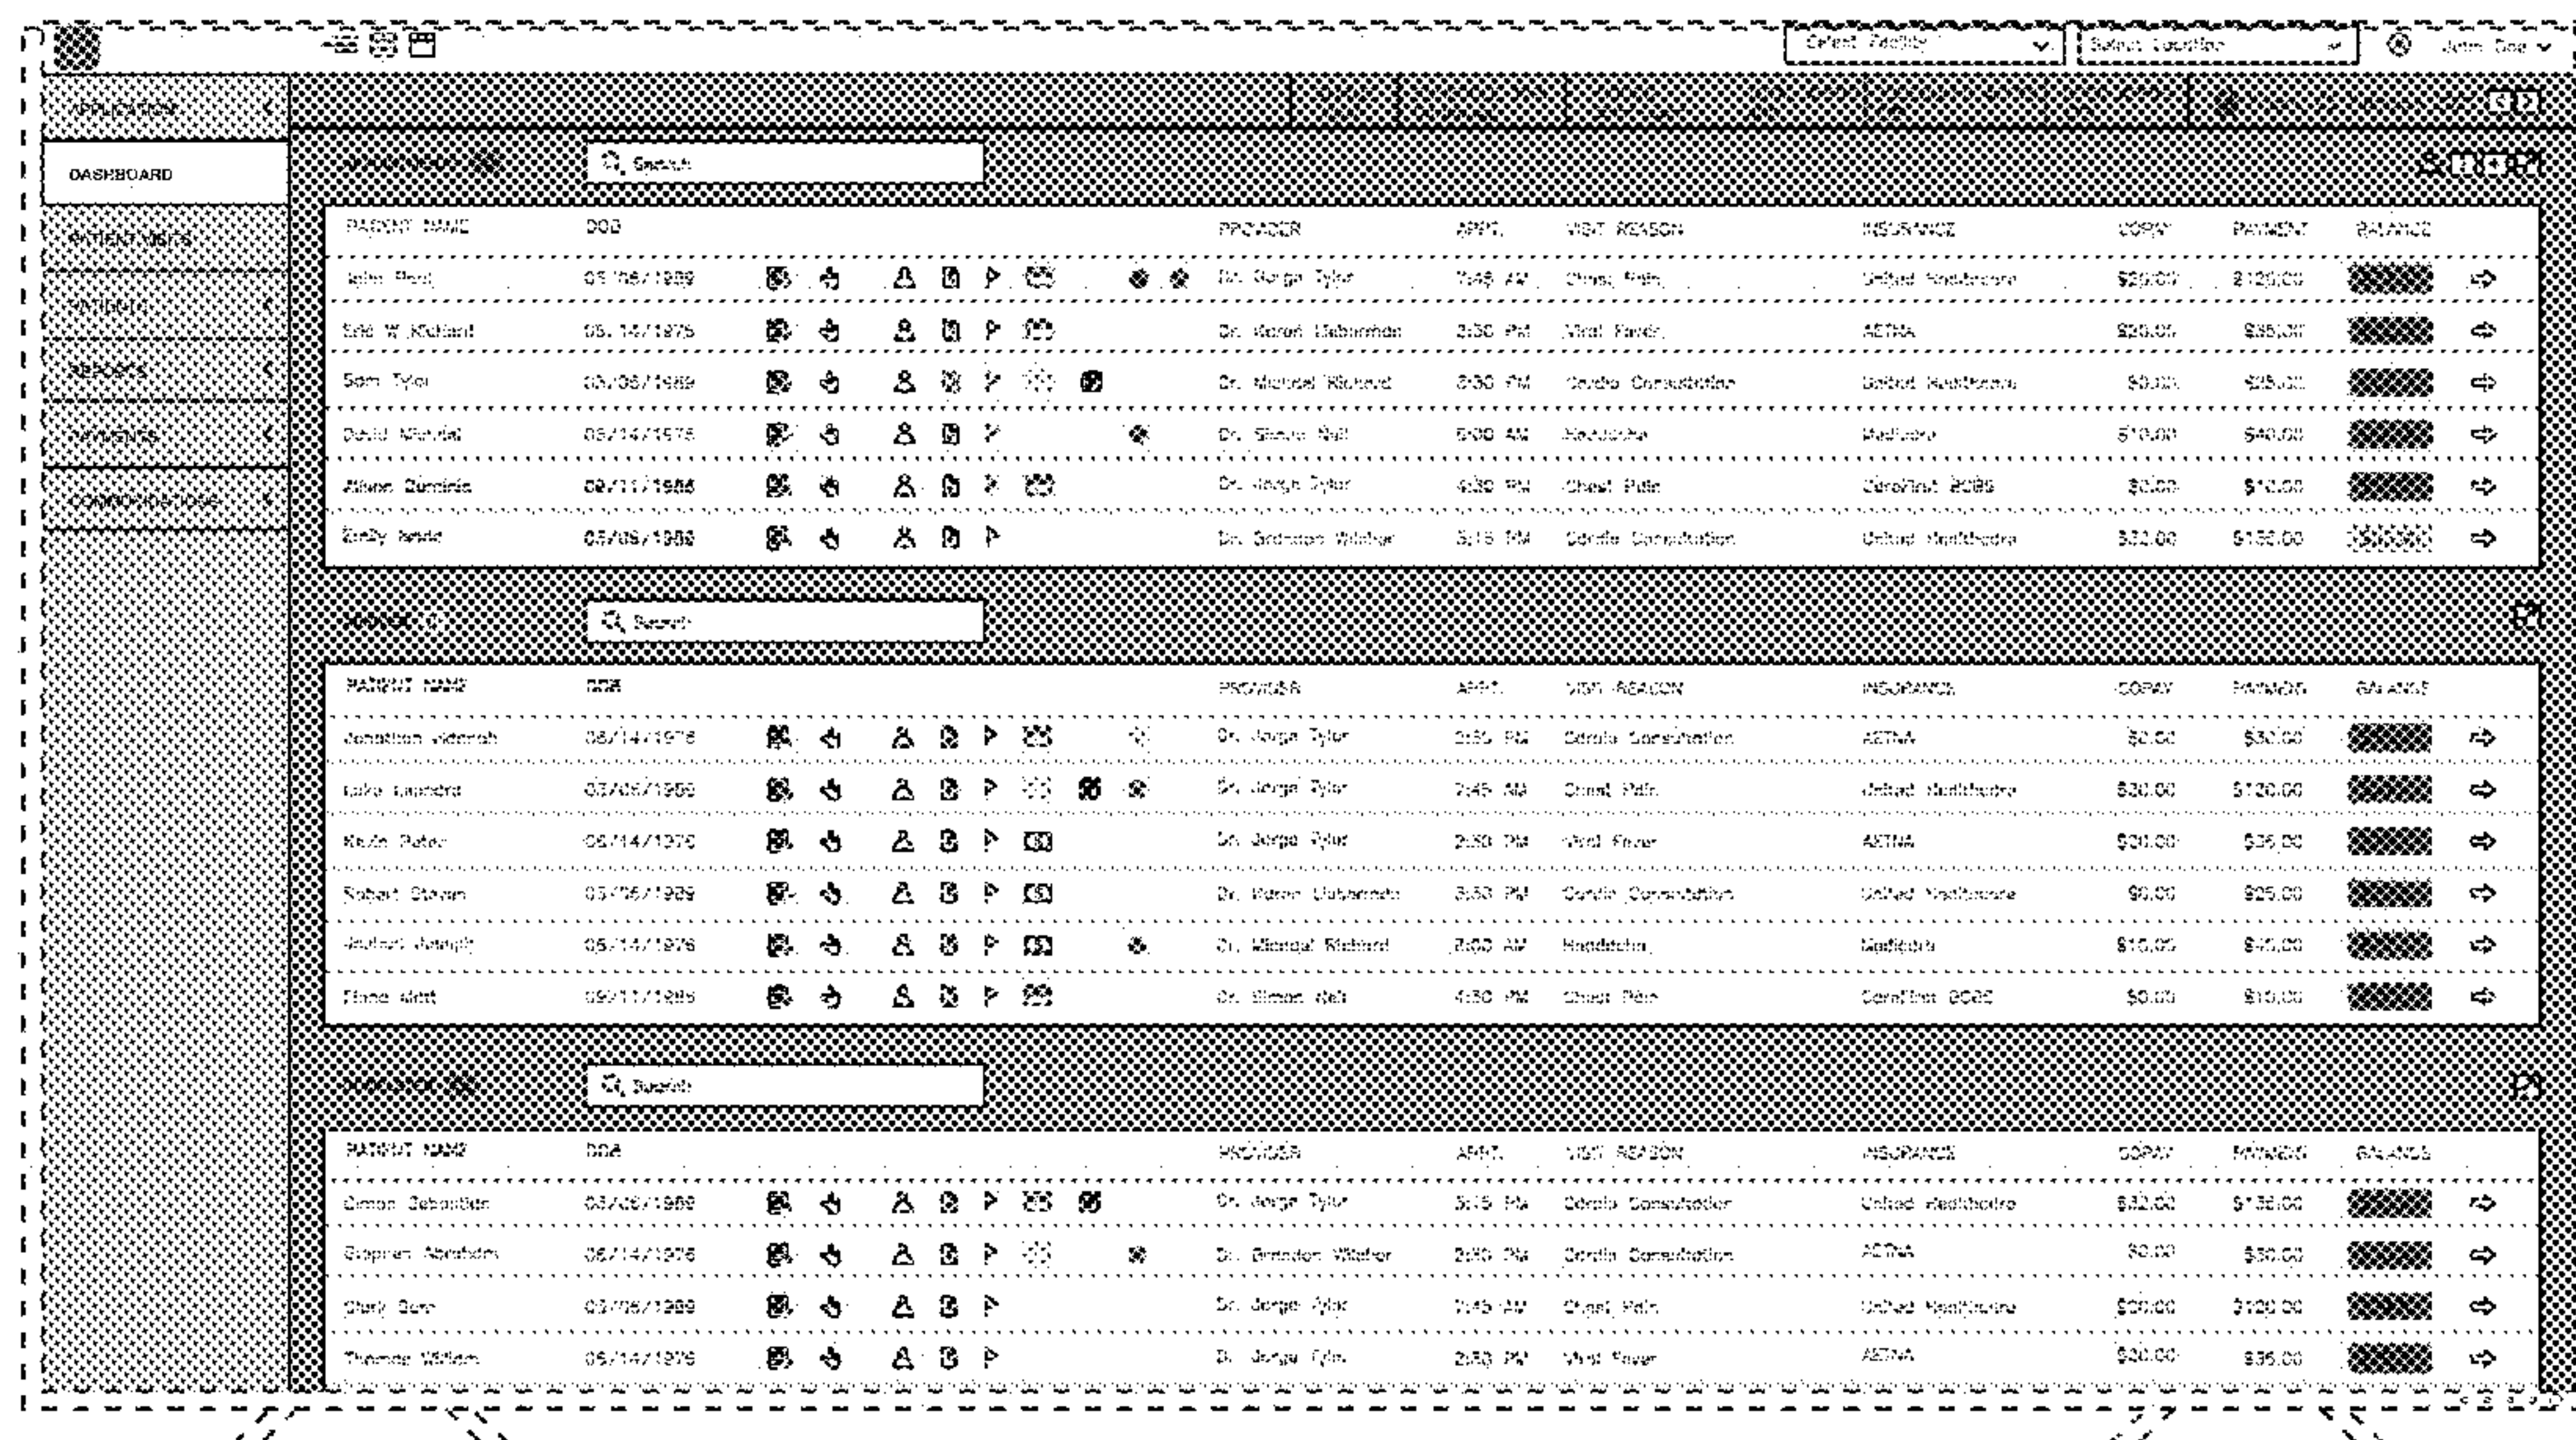

FIG. 1 is executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a first embodiment of display screen with graphical user interface showing the claimed design; and,

FIG. 2 is a front view of a second embodiment of display screen with graphical user interface showing the claimed design.

The outermost broken lines in the figures show a display screen, and form no part of the claimed design. The other broken lines in the FIGURE show portions of the graphical user interface that form no part of the claimed design.

1 Claim, 2 Drawing Sheets
