(57) **CLAIM**

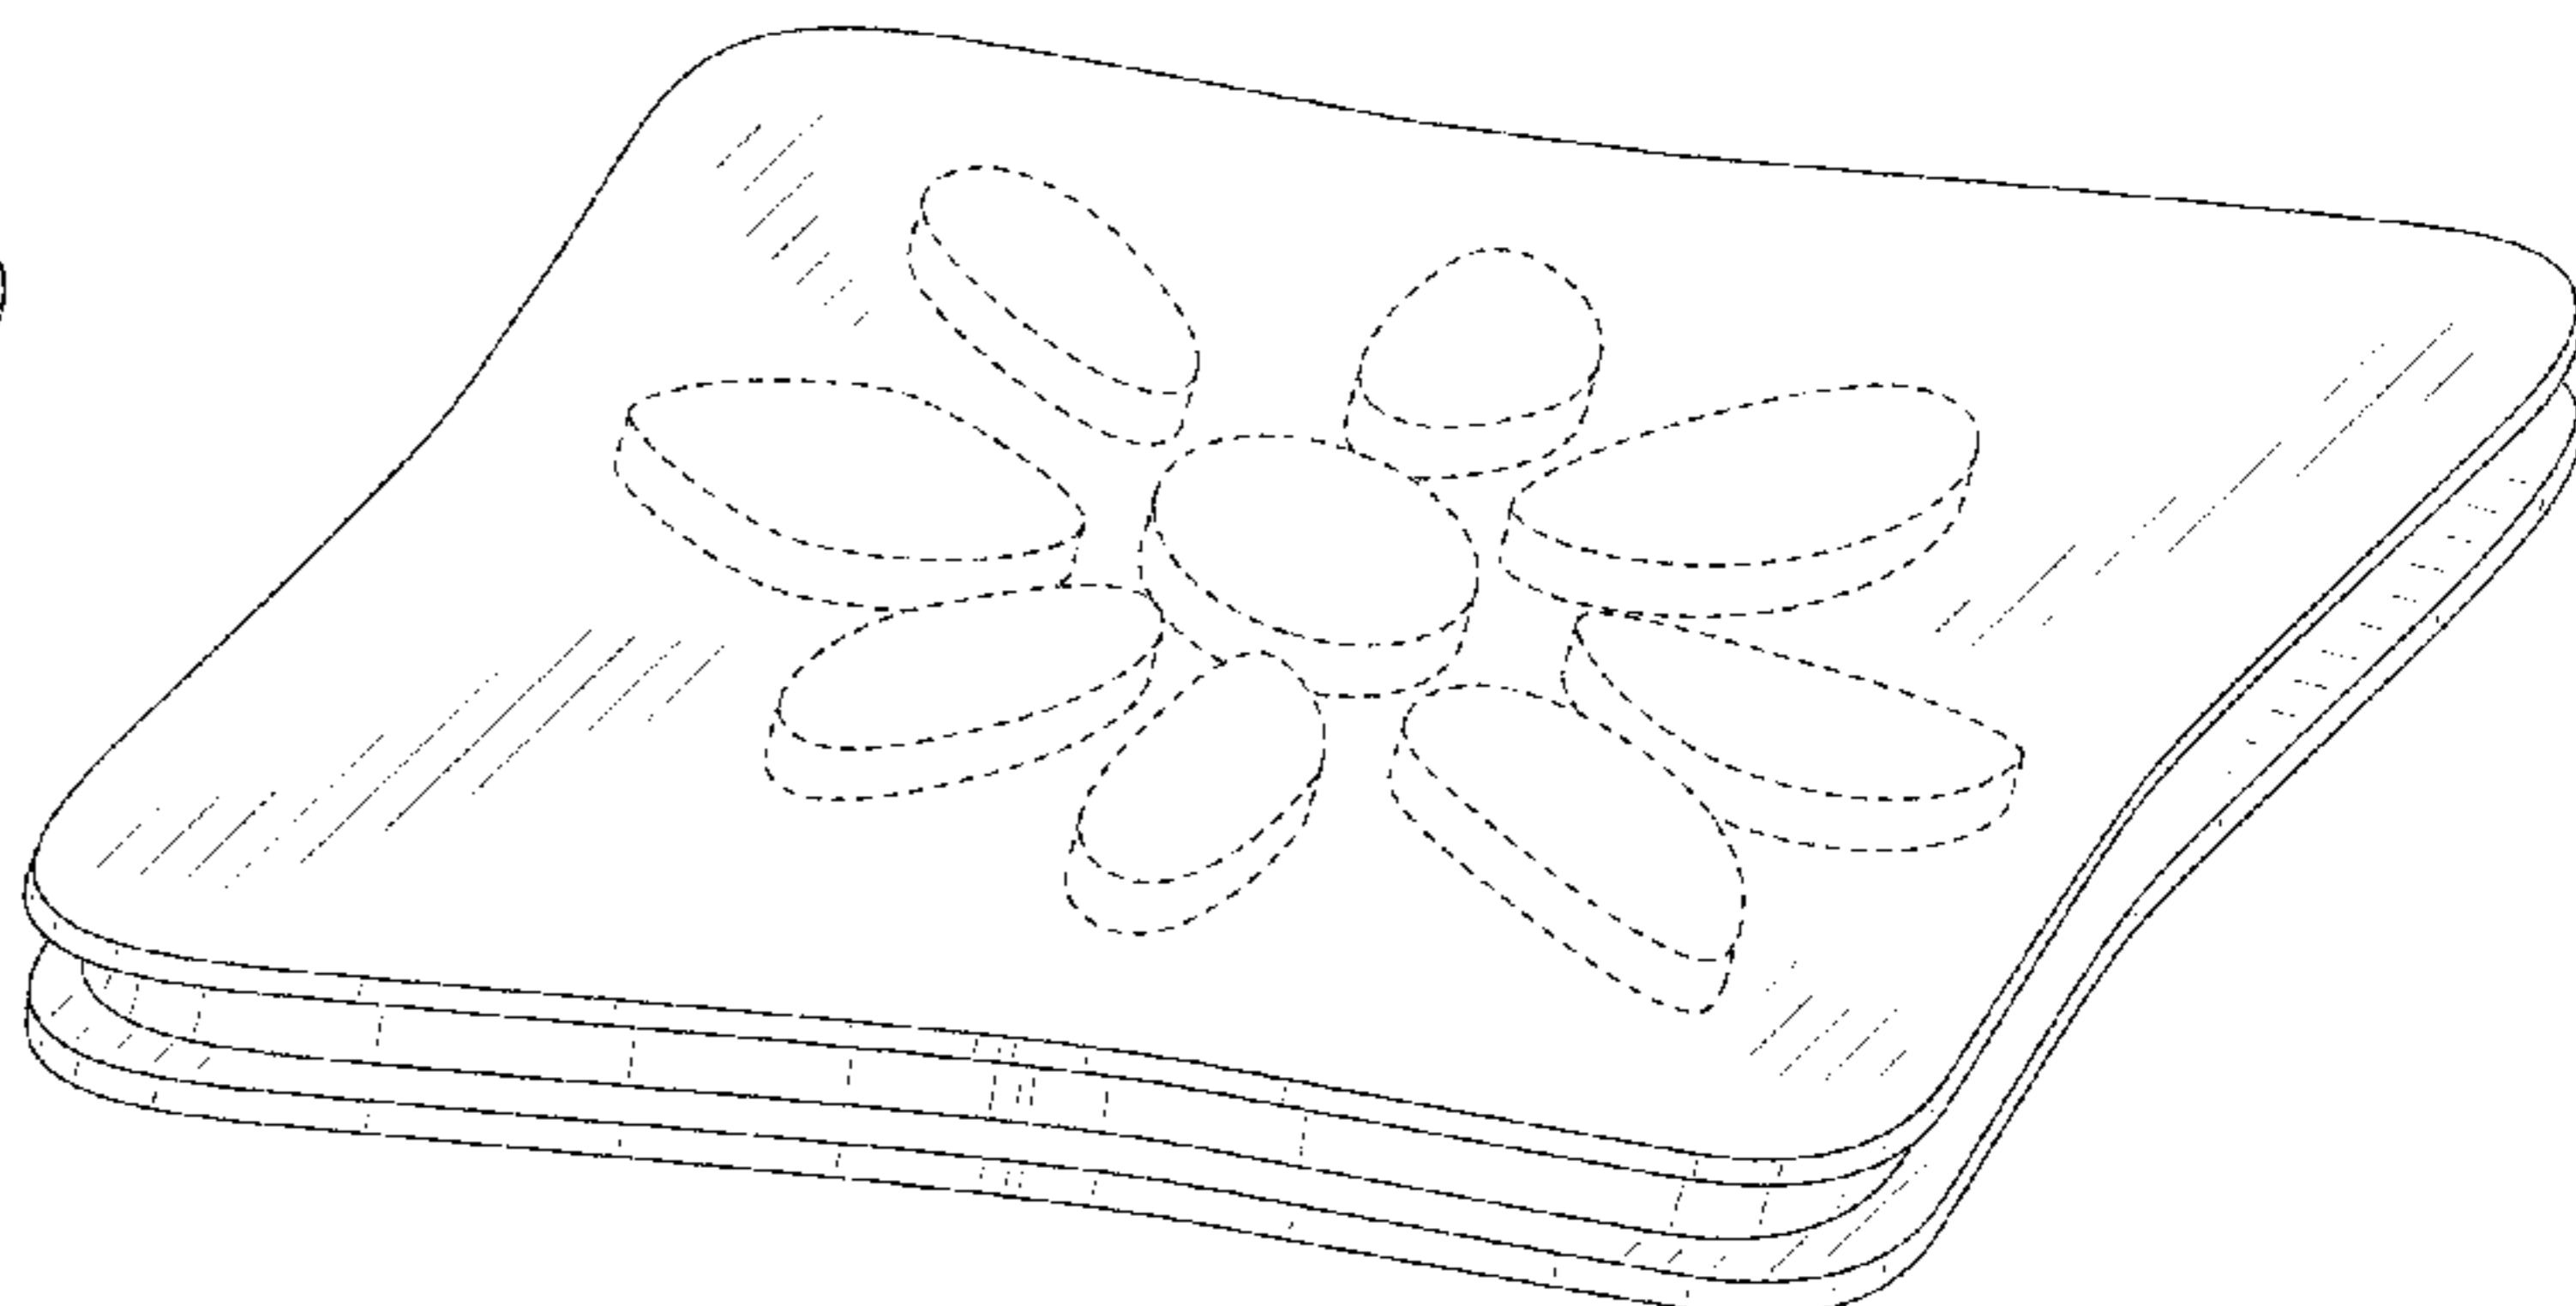

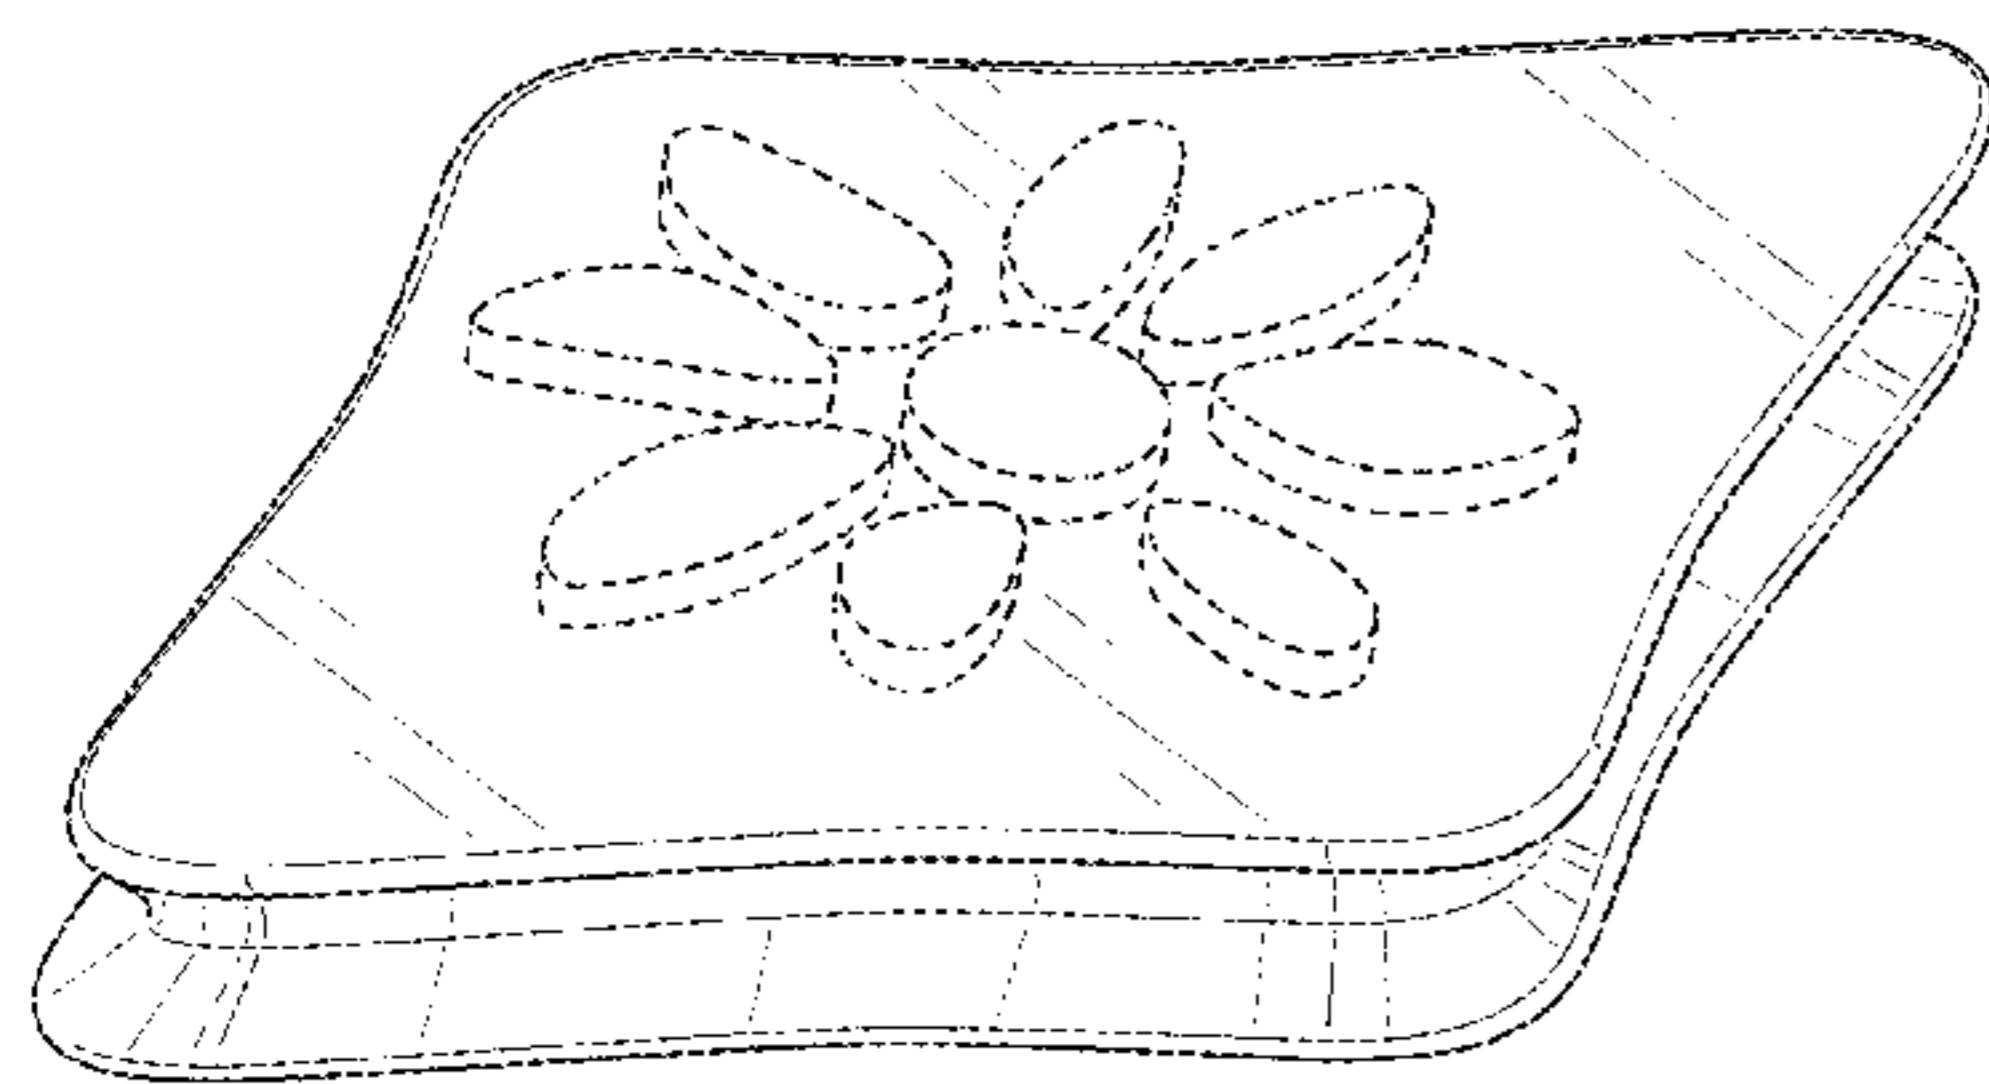

The ornamental design for an adornment applied to an apertured orthopedic support, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an embodiment of an adornment applied to an apertured orthopedic support; FIG. 2 is a second perspective view thereof; FIG. 3 is a top view thereof; FIG. 4 is a bottom view thereof; FIG. 5 is a left side view thereof; FIG. 6 is right side view thereof; FIG. 7 is a rear view thereof. FIG. 8 is a front view thereof; and FIG. 9 is a perspective view of another embodiment of an adornment applied to an apertured orthopedic support; FIG. 10 is a second perspective view thereof; FIG. 11 is a top view thereof; FIG. 12 is a bottom view thereof; FIG. 13 is a left side view thereof; FIG. 14 is right side view thereof; FIG. 15 is a rear view thereof. FIG. 16 is a front view thereof; and, FIG. 17 is an assembled view of an embodiment of an adornment applied to an apertured orthopedic support applied to an orthopedic support.

The evenly spaced broken lines shown in the drawings depict portions of the adornment applied to an apertured orthopedic support that form no part of the claimed design. The additional dot dash broken lines in the form of an orthopedic support shown in FIG. 17 depict environmental subject matter and form no part of the claimed design.

1 Claim, 13 Drawing Sheets
