FIG. 4 illustrates a back view of the battery tester housing with holsters for receiving components illustrated in FIG. 1.

FIG. 5 illustrates a top view of the battery tester housing with holsters for receiving components illustrated in FIG. 1.

FIG. 6 illustrates another view of the battery tester housing with holsters for receiving components illustrated in FIG. 1;

and,

FIG. 7 illustrates a top view of the battery tester housing with holsters for receiving components illustrated in FIG. 1.

The broken lines, when present in the drawings, represent portions of the battery tester housing. The broken lines are for the purpose of illustrating the environment of the design and form no part of the claimed design. The surface shading lines, when present in the drawings, show contour and/or distinguish between open and solid areas. The surface shading lines are not surface ornamentation. The design is not limited to the scale shown herein.
