(57) CLAIM

What is claimed is the ornamental design for a dog training bumper, as shown and described.

DESCRIPTION

FIG. 1 is a side perspective view showing the dog training bumper of Applicant's invention.
FIG. 2 is a top view of the dog training bumper of Applicant's invention.
FIG. 3 is a bottom view of the dog training bumper of Applicant's invention.
FIG. 4 is a back view of the dog training bumper of Applicant's invention.
FIG. 5 is a front view of the dog training bumper of Applicant's invention.
FIG. 6 is a side view of the dog training bumper of Applicant's invention; and,
FIG. 7 is a side view of the dog training bumper of Applicant's invention.
The dashed broken lines in the drawings represent portions of the dog training bumper that form no part of the claimed design. The double-patterned broken lines define the boundary of the claimed design and form no part thereof.
