(57) CLAIM

The ornamental design for a computer screen with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photographs(s) will be provided by the Office upon request and payment of the necessary fee.
The FIGURE is a front view of a computer screen with graphical user interface, showing my new design.
The dash-dot broken lines constituting the outer contour illustrate the computer screen and form no part of the claimed design. The dot-dot broken lines illustrate an ornamental appearance of portions of the graphical user interface and are part of the claimed design.
