(57) **CLAIM**

The ornamental design for a tow dolly mount apparatus, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a tow dolly mount apparatus in the unloading position showing my new design; FIG. 2 is a bottom rear perspective view thereof; FIG. 3 is a top view thereof; FIG. 4 is a bottom view thereof; FIG. 5 is a front view thereof; FIG. 6 is a rear view thereof; FIG. 7 is a right view thereof; FIG. 8 is a left view thereof; FIG. 9 is a top front perspective view of a tow dolly mount apparatus in the storage position; and, FIG. 10 is a bottom rear perspective view of a tow dolly mount apparatus in the storage position. The broken lines illustrate portions of the tow dolly mount apparatus that form no part of the claimed design.
