(57) CLAIM

The ornamental design for a display screen or portion thereof with animated graphical user interface as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a first image of a display screen or portion thereof with an animated graphical user interface showing the claimed design;

FIG. 2 is a second image thereof;

FIG. 3 is a third image thereof;

FIG. 4 is a fourth image thereof;

FIG. 5 is a fifth image thereof;

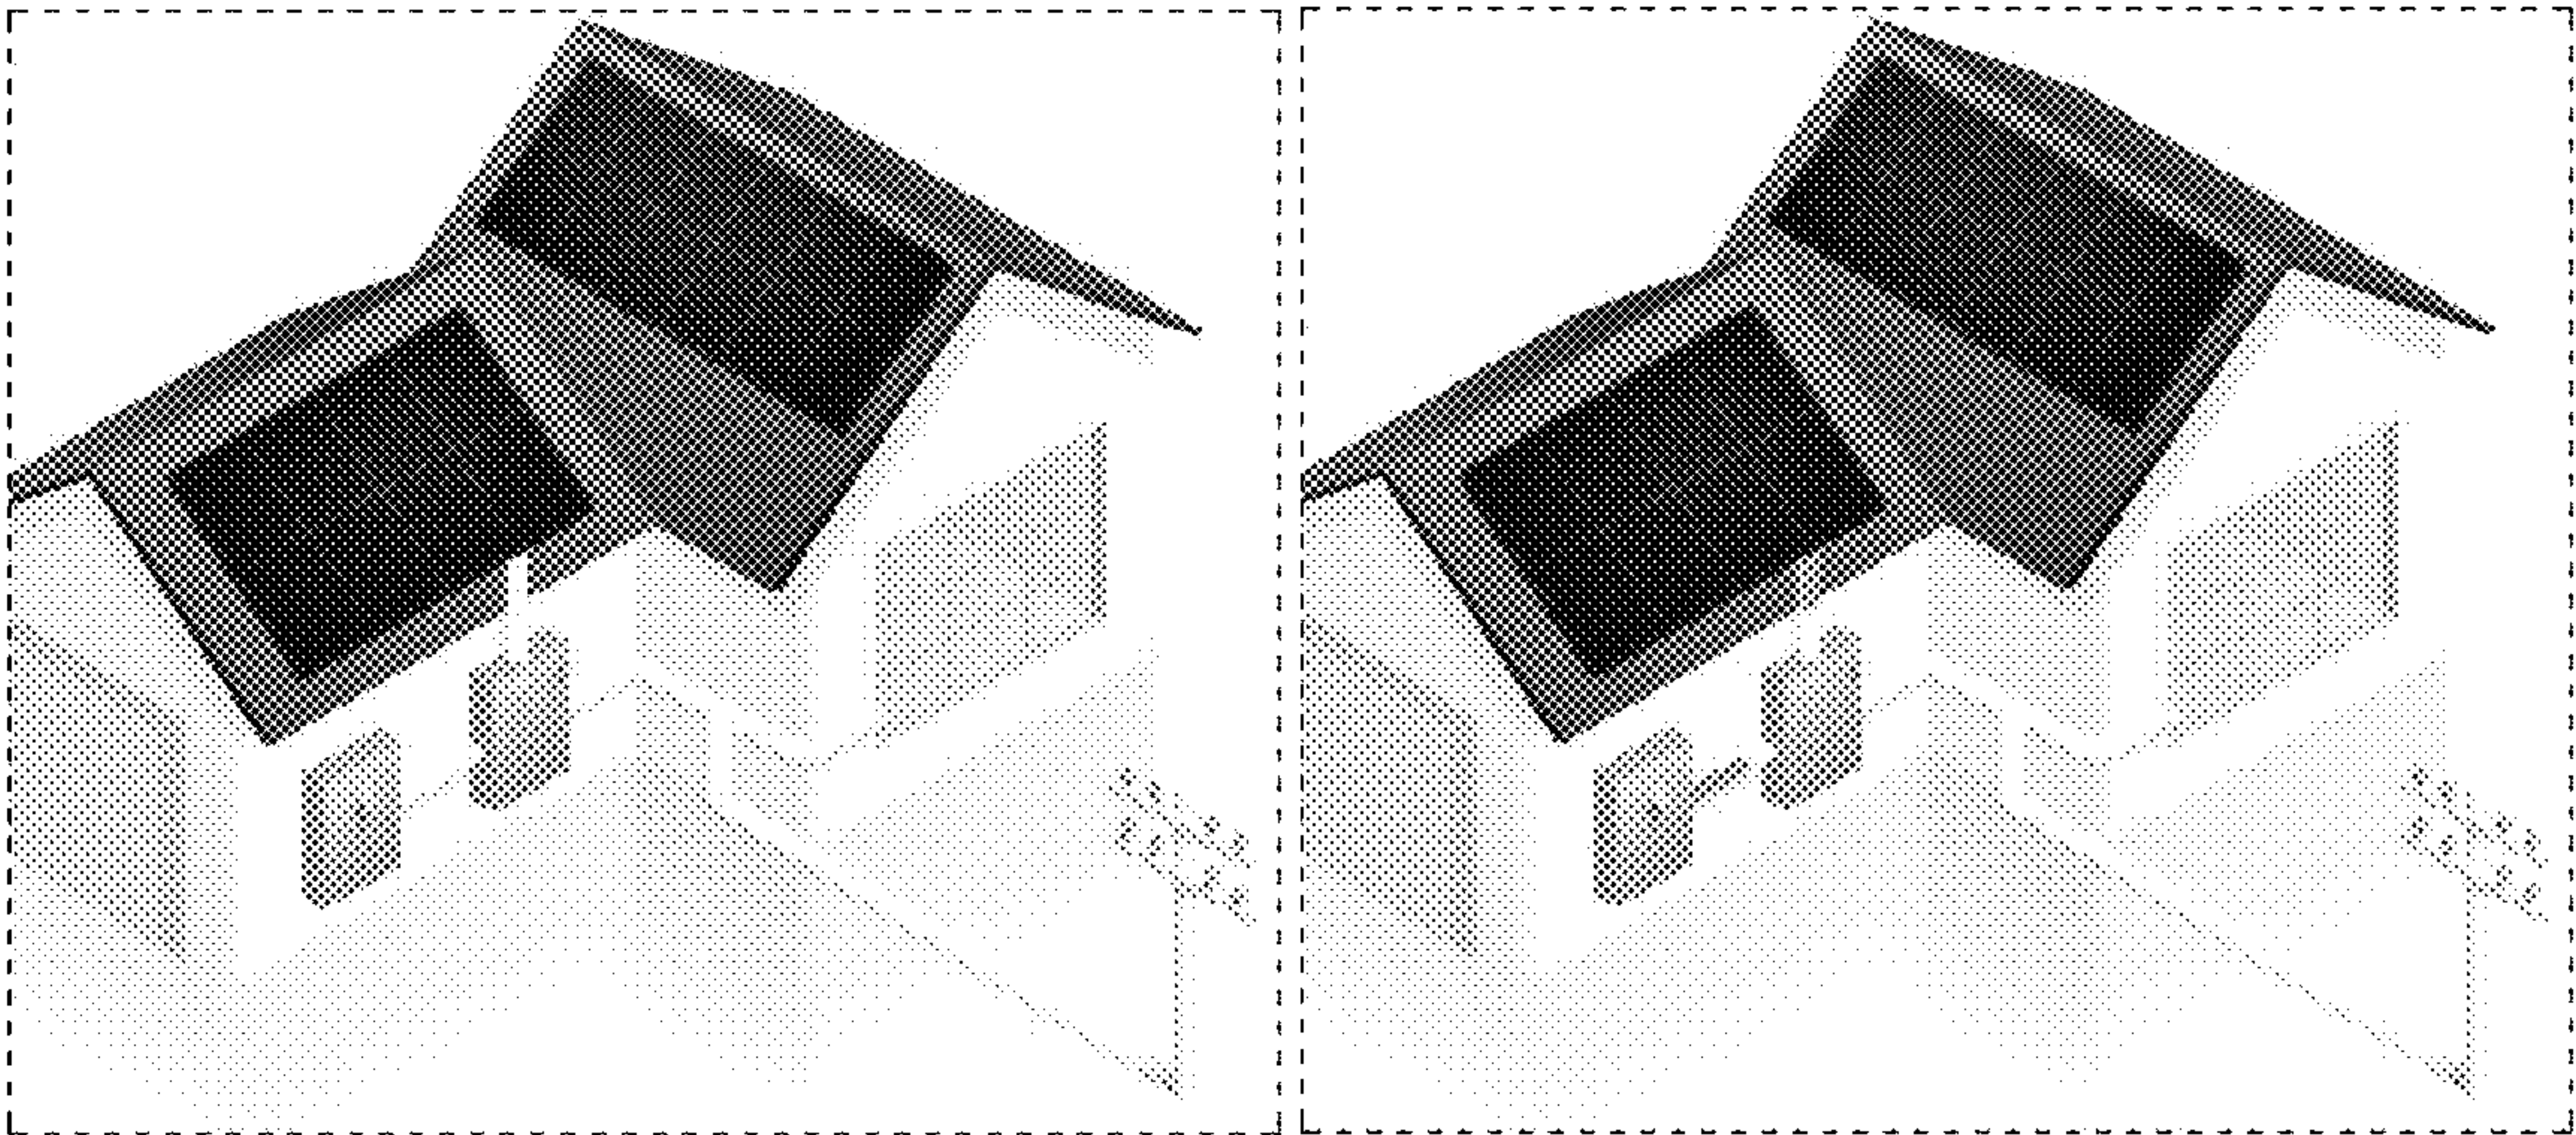

FIG. 6 is a sixth image thereof; and,

FIG. 7 is a seventh image thereof.

The broken lines in FIGS. 1 through 7 illustrate a display screen or portion thereof and do not form any part of the claimed design.

The appearance of the image sequentially transitions between the images shown in FIGS. 1 through 7. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
(4 of 4 Drawing Sheet(s) Filed in Color)
