(57) **CLAIM**

The ornamental design for a tether for a capsule endoscope as shown and described.

DESCRIPTION

FIG. 1 is a front perspective of a tether for a capsule endoscope showing the new design; FIG. 2 is another front perspective view thereof; FIG. 3 is a front view thereof; FIG. 4 is a rear view thereof; FIG. 5 is a right side view thereof; FIG. 6 is a left side view thereof; FIG. 7 is a top plan view thereof; and, FIG. 8 is a bottom plan view thereof. The dash-dash broken lines in FIG. 1 depict portions of the tether for a capsule endoscope that forms no part of the claimed design. Additionally, the appearance of any portion of the article between break lines forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
