(57) CLAIM

The ornamental design for a portable modular enclosure for an engine generator set as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a portable modular enclosure for an engine generator set showing our new design; FIG. 2 is a front view thereof; FIG. 3 is a rear view thereof; FIG. 4 is a side view thereof; FIG. 5 is another side view thereof; FIG. 6 is a top view thereof; and, FIG. 7 is a bottom view thereof. The ornamental design which is claimed is shown in solid lines in the drawings. The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design. Broken lines formed by equal length dashes show unclaimed subject matter. Broken lines formed by unequal length dashes (i.e., dash-dot) define bounds of the claimed design. Broken away symbols having a jagged element show that no particular length of the portion is claimed. The appearance of any portion of the article between the broken away symbols forms no part of the claimed design.
