(57) CLAIM

The ornamental design for a display screen with graphical user interface as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing our new design; and, FIG. 2 is another front view of the display screen with graphical user interface of FIG. 1, but shown with alternative broken line subject matter. The broken lines shown in the figures are included for the purpose of illustrating portions of the graphical user interface and form no part of the claimed design.
