(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface for a mobile device, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a graphical user interface for a mobile device, showing a first image in a sequence;

FIG. 2 is a front view of the display screen with a graphical user interface for a mobile device showing a second image in a sequence;

FIG. 3 is top view of the display screen with a graphical user interface for a mobile device;

FIG. 4 is a back elevation view of the display screen with a graphical user interface for a mobile device;

FIG. 5 is a right elevation view of the display screen with a graphical user interface for a mobile device; and,

FIG. 6 is a left elevation view of the display screen with a graphical user interface for a mobile device.

The broken lines showing a mobile device illustrate environmental subject matter and form no part of the claimed design. The broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article that form no part of the claimed design.

The appearance of the graphical user interface transitions sequentially between FIGS. 1 and 2. The process or period in which one image transitions to another forms no part of the claimed design.
