FIG. 1 is a front view of a first image in a sequence for a display screen with animated graphical user interface showing the new design;

FIG. 2 is a front view of a second image thereof; and,

FIG. 3 is a front view of a third image thereof.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-3.

The process or period in which one image transitions to another forms no part of the claimed design.

The broken lines depict portions of the display screen with animated graphical user interface that form no part of the claimed design.
