(57) **CLAIM**

The ornamental design for a fixed track for a retractable
screen system, as shown and described.

DESCRIPTION

FIG. 1 is a top elevation view of a fixed track for a
retractable screen system.

FIG. 2 is a bottom elevation view of a fixed track for a
retractable screen system.

FIG. 3 is a left side elevation view of a fixed track for a
retractable screen system.

FIG. 4 is a right side elevation view of a fixed track for a
retractable screen system.

FIG. 5 is a front elevation view of a fixed track for a
retractable screen system.

FIG. 6 is a rear elevation view of a fixed track for a
retractable screen system.

FIG. 7 is a top right perspective view of a fixed track for a
retractable screen system.

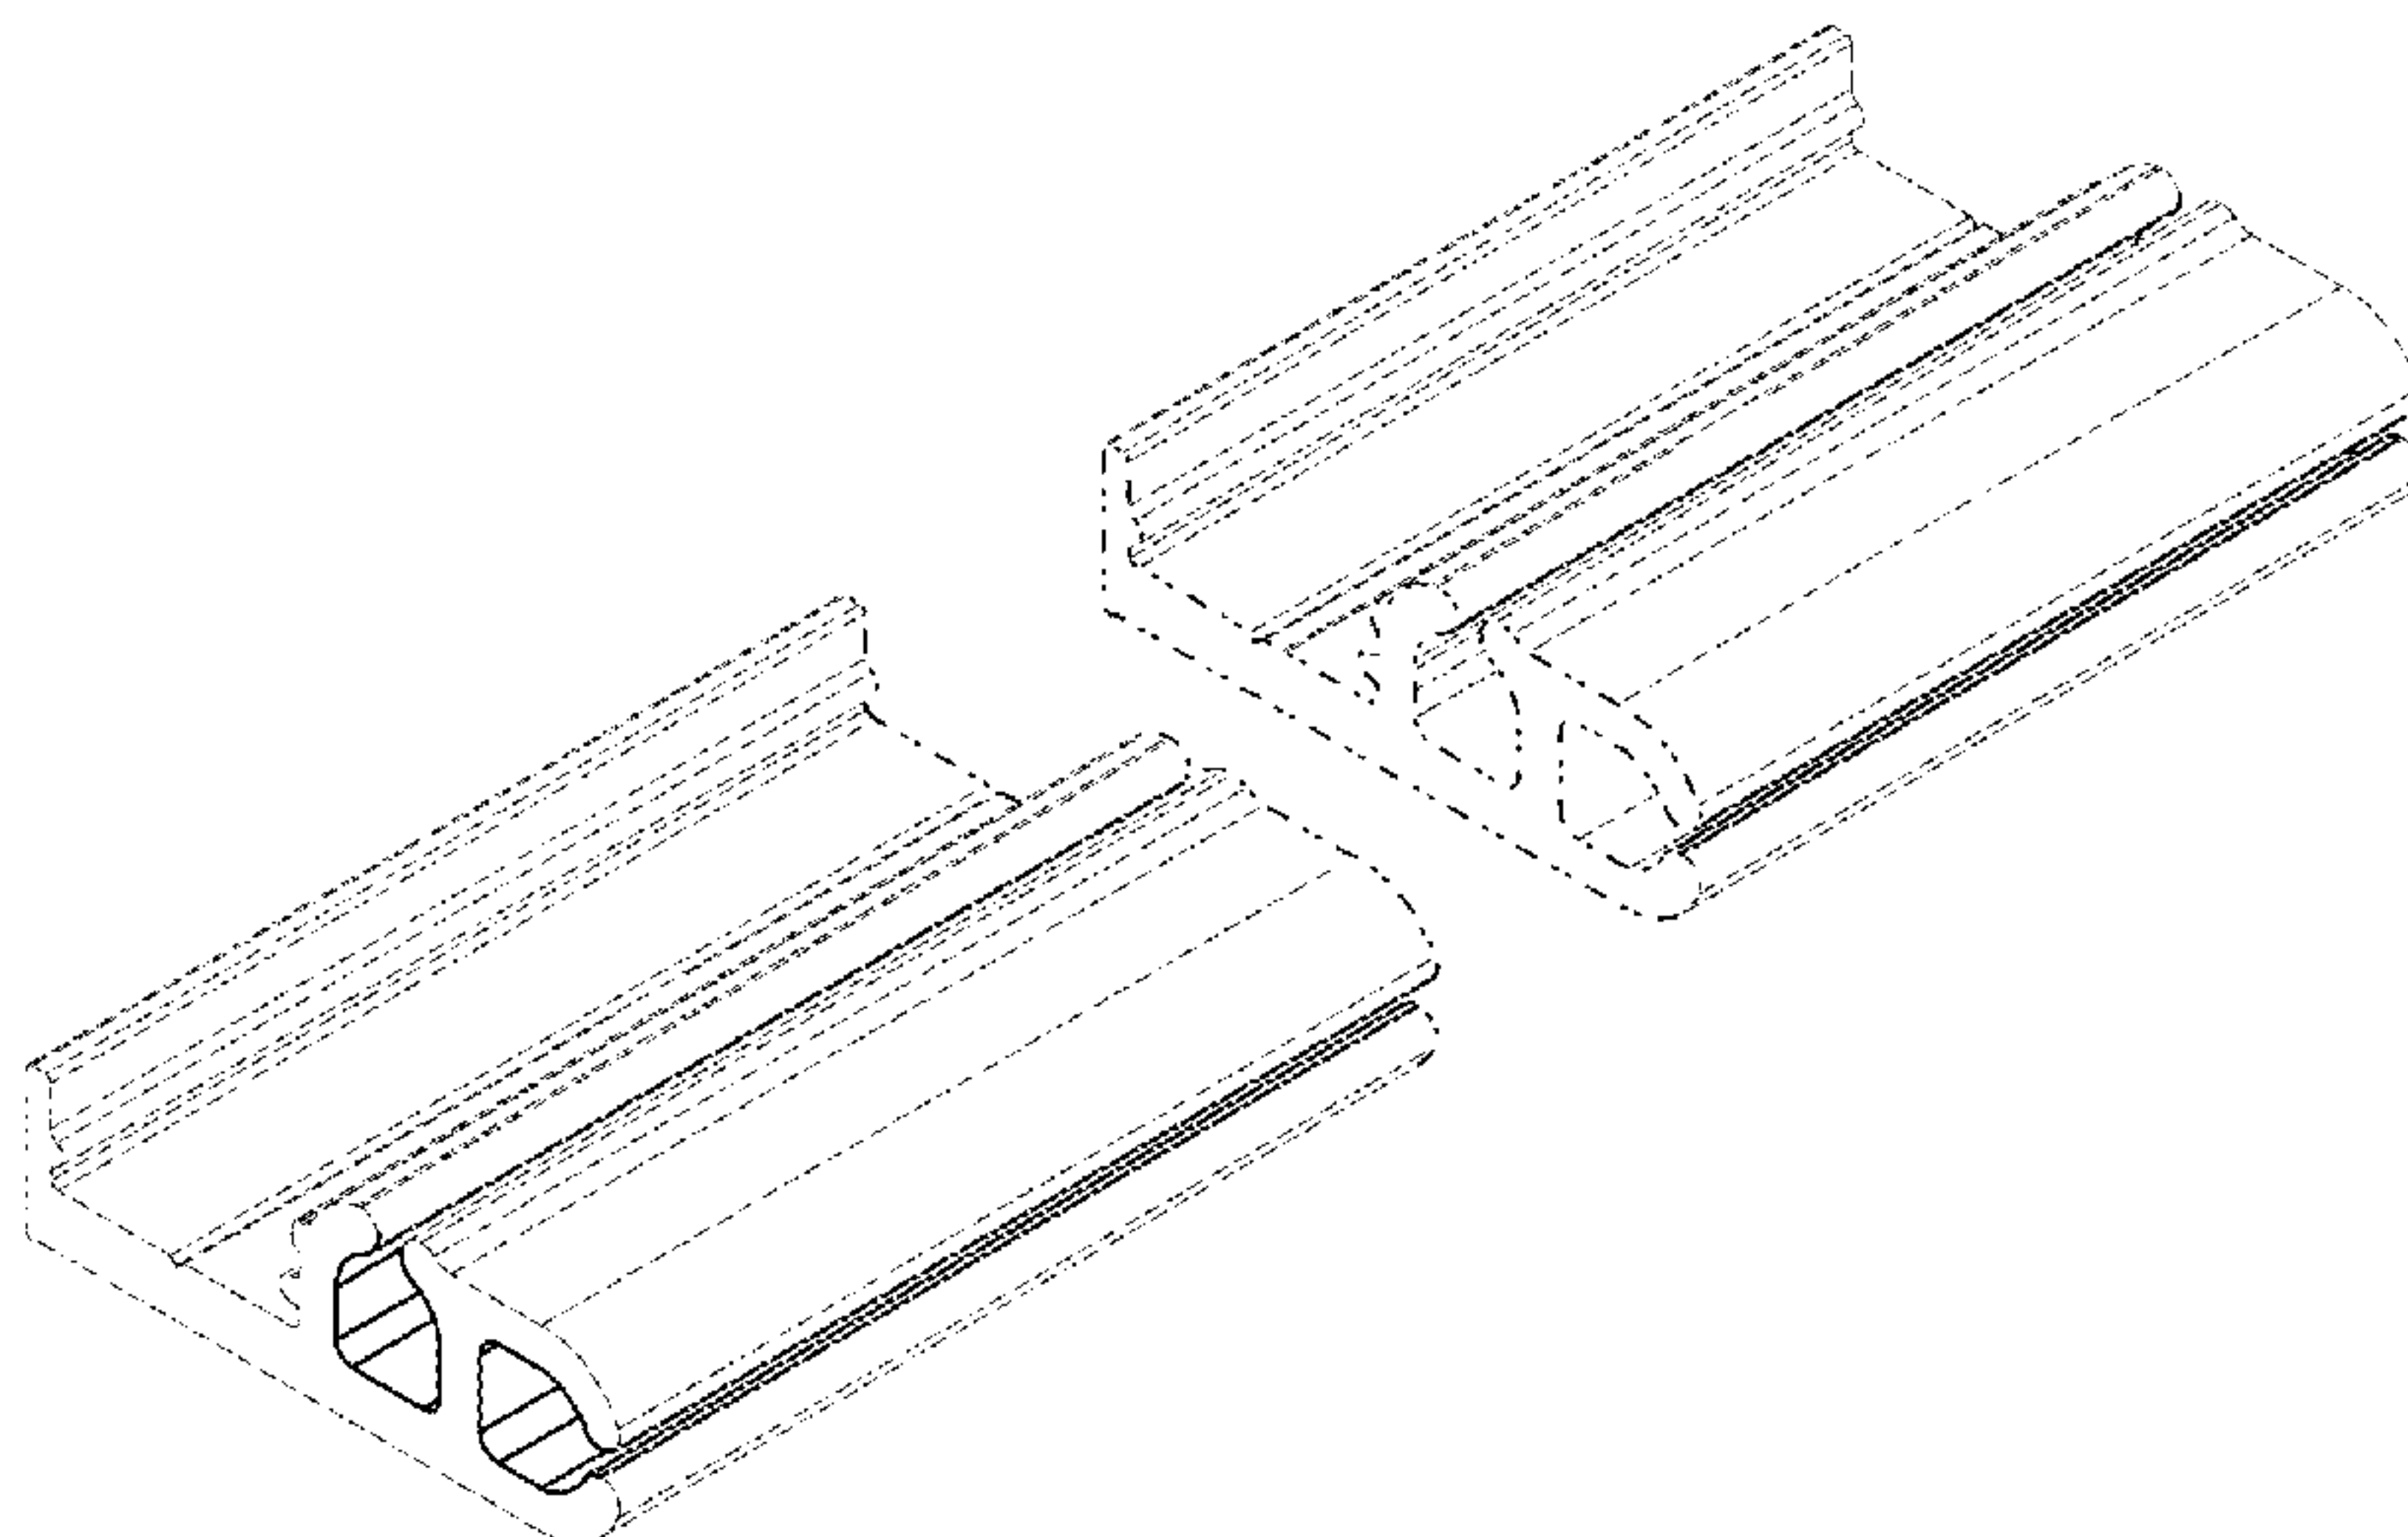

FIG. 8 is a top left perspective view of a fixed track for a
retractable screen system.

FIG. 9 is a rear perspective view of a fixed track for a
retractable screen system; and,

FIG. 10 is an alternate front perspective view of a fixed track
for a retractable screen system.

The dash-dash broken lines in the drawings represent por-
tions of the fixed track for a retractable screen system and
form no part of the claimed design. The fixed track for the
retractable screen system is shown with a symbolic break in
its length. The appearance of any portion of the fixed track
for a retractable screen system between the break lines forms
no part of the claimed design.

1 Claim, 10 Drawing Sheets
