(57) CLAIM

The ornamental design for a stroller mirror, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view drawing of a stroller mirror according to the design.
FIG. 2 is a front view drawing of a stroller mirror according to the design.
FIG. 3 is a back view drawing of a stroller mirror according to the design.
FIG. 4 is a left side view drawing of a stroller mirror according to the design.
FIG. 5 is a right side view drawing of a stroller mirror according to the design.
FIG. 6 is a top view drawing of a stroller mirror according to the design.
FIG. 7 is a bottom view drawing of a stroller mirror according to the design.
FIG. 8 is a perspective view drawing of a stroller mirror attached to a stroller according to the design; and,
FIG. 9 is a perspective view drawing of a stroller mirror attached to a stroller according to the design.
FIGS. 8 and 9 illustrate a child and a stroller in broken line with the claimed stroller mirror attached thereto. The purpose of the broken lines is to illustrate an application of the stroller mirror in an environment of use and none of the broken lines form a part of the presently claimed stroller mirror.

1 Claim, 7 Drawing Sheets
