CLAIM

The ornamental design for a window shade cord protector with a sliding actuator, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a window shade cord protector with a sliding actuator.

FIG. 2 is a left side elevation view of a window shade cord protector with a sliding actuator.

FIG. 3 is a front elevation view of a window shade cord protector with a sliding actuator.

FIG. 4 is a right side elevation of a window shade cord protector with a sliding actuator.

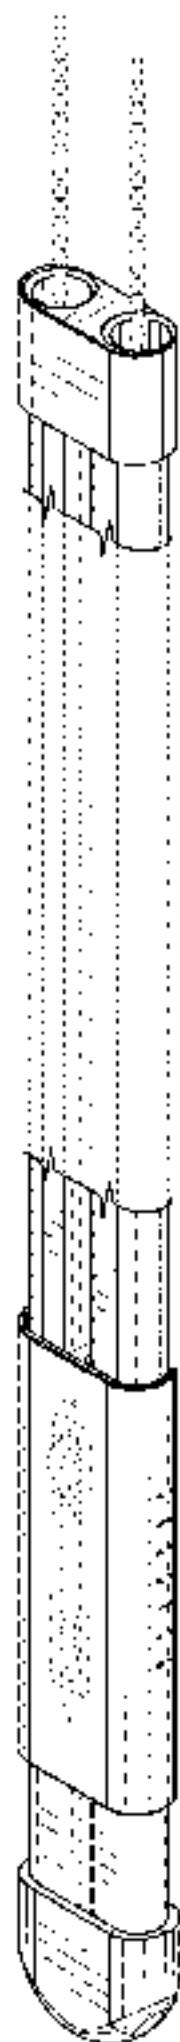

FIG. 5 is a rear elevation view of a window shade cord protector with a sliding actuator.

FIG. 6 is a top plan view of a window shade cord protector with a sliding actuator; and,

FIG. 7 is a bottom view of a window shade cord protector with a sliding actuator.

The break lines shown in FIGS. 1-5 symbolize breaks in the length of the article in which the claimed design is embodied. The appearance of any portion of the article between the break lines forms no part of the claimed design. The remaining dashed lines shown depict the environment and represent unclaimed subject matter and form no part of the claimed design.
