(57) **CLAIM**

The ornamental design for a display screen or portion thereof with a graphical user interface of a hierarchal tree, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with a graphical user interface of a hierarchal tree showing my new design.

The outer broken line illustrates the display screen or portion thereof and forms no part of the claimed design. The remaining broken lines show portions of the graphical user interface that form no part of the claimed design.
