(57) CLAIM

The ornamental design for display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image in a sequence of a display screen or portion thereof with transitional graphical user interface, showing our new design;
FIG. 2 is a front view of the second image thereof;
FIG. 3 is a front view of the third image thereof;
FIG. 4 is a front view of the fourth image thereof;
FIG. 5 is a front view of the fifth image thereof;
FIG. 6 is a front view of the sixth image thereof; and,
FIG. 7 is a front view of the seventh image thereof.
The appearance of the transitional graphical user interface sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another forms no part of the claimed design.
The outer broken lines depict the article on which the display screen or portion thereof is embodied, and form no part of the claimed design. The remainder of the broken lines depict portions of the graphical user interface that form no part of the claimed design.

1 Claim, 7 Drawing Sheets
