(57) CLAIM

The ornamental design for a door handle, as shown and described.

DESCRIPTION

FIG. 1 is a top, rear, right side perspective view of a door handle according to my new design;

FIG. 2 is a top plan view;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a left side elevation view thereof;

FIG. 5 is a right side elevation view thereof;

FIG. 6 is a front elevation view thereof; and,

FIG. 7 is a rear elevation view thereof.

The door handle is shown with dashed break lines representing a symbolic break in its length, with the brackets adjacent the dashed break lines forming no part of the claimed design, and instead indicate that the appearance of any portion of the handle between the dashed break lines forms no part of the claimed design. The short dash-short dash broken lines show portions of the handle that form no part of the claimed design. The long dash-short dash broken lines represent boundaries of the handle and form no part of the claimed design.

1 Claim, 6 Drawing Sheets
