(57) CLAIM

The ornamental design for a chair, as shown and described.

DESCRIPTION

FIG. 1 is a front, right, top perspective view for a first embodiment of the chair showing our new design.

FIG. 2 is a front, right, top perspective view for a second embodiment of the chair showing our new design.

FIG. 3 is a front view of the chair showing our design according to a second embodiment.

FIG. 4 is a rear view of the chair showing our design according to a second embodiment.

FIG. 5 is a left side view of the chair showing our design according to a second embodiment.

FIG. 6 is a right side view of the chair showing our design according to a second embodiment.

FIG. 7 is a top view of the chair showing our design according to a second embodiment; and,

FIG. 8 is bottom view of the chair showing our new design according to a second embodiment.

The broken away symbols, illustrated by dot-dashed lines, indicate the appearance of any portion of the article between the break lines forms no part of the claimed design. The dashed broken lines depict portions of the chair that form no part of the claimed design.
