(57) CLAIM

The ornamental design for an electronic device with graphical user interface as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of an electronic device with graphical user interface showing the claimed design; and,

FIG. 2 is a front view of another embodiment of an electronic device with graphical user interface.

The peripheral dashed broken lines depict a display screen or portion thereof, and form no part of the claimed design. The interior broken lines depict portions of the graphical user interface which form no part of the claimed design.
