(57) CLAIM

The ornamental design for a saw bar component, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a saw bar component according to my new design;

FIG. 2 is a bottom perspective view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a first side elevation view thereof;

FIG. 6 is a second side elevation view thereof;

FIG. 7 is a front elevation view thereof; and,

FIG. 8 is a rear elevation view thereof.

1 Claim, 8 Drawing Sheets

A perspective view of a saw bar component. It features a rectangular base with rounded corners. On the right side, there is a raised rectangular section. On the top surface of the base, there are two circular holes. A smaller rectangular piece is attached to the top surface of the raised section. The drawing uses solid lines for visible edges and dashed lines for hidden internal features.
