(57) **CLAIM**

The ornamental design for a charging case, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a charging case in accordance with the present design;
FIG. 2 is another perspective view of the charging case;
FIG. 3 is a front view of the charging case;
FIG. 4 is a rear side view of the charging case;
FIG. 5 is a left side view of the charging case;
FIG. 6 is a right side view of the charging case;
FIG. 7 is a top view of the charging case;
FIG. 8 is a bottom view of the charging case;
FIG. 9 is a perspective view of the charging case with the charging case in an open position;
FIG. 10 is a another perspective view of the charging case with the charging case in an open position;
FIG. 11 is a left side view of the charging case with the charging case in an open position;
FIG. 12 is a right side view of the charging case with the charging case in an open position;
FIG. 13 is a front view of the charging case with the charging case in an open position;
FIG. 14 is a rear view of the charging case with the charging case in an open position;
FIG. 15 is a top view of the charging case with the charging case in an open position;
FIG. 16 is a bottom view of the charging case with the charging case in an open position; and,
FIG. 17 is a perspective view of the charging case with the charging case in an open position and in a state of use.
The broken lines in the drawings illustrate portions of the article that form no part of the claimed design. The shading in the drawings is for the purpose of illustrating contour, and does not illustrate surface ornamentation.
