(57) CLAIM

The ornamental design for a mobile electronic device having a display screen with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a mobile electronic device having a display screen with a graphical user interface showing the claimed design.

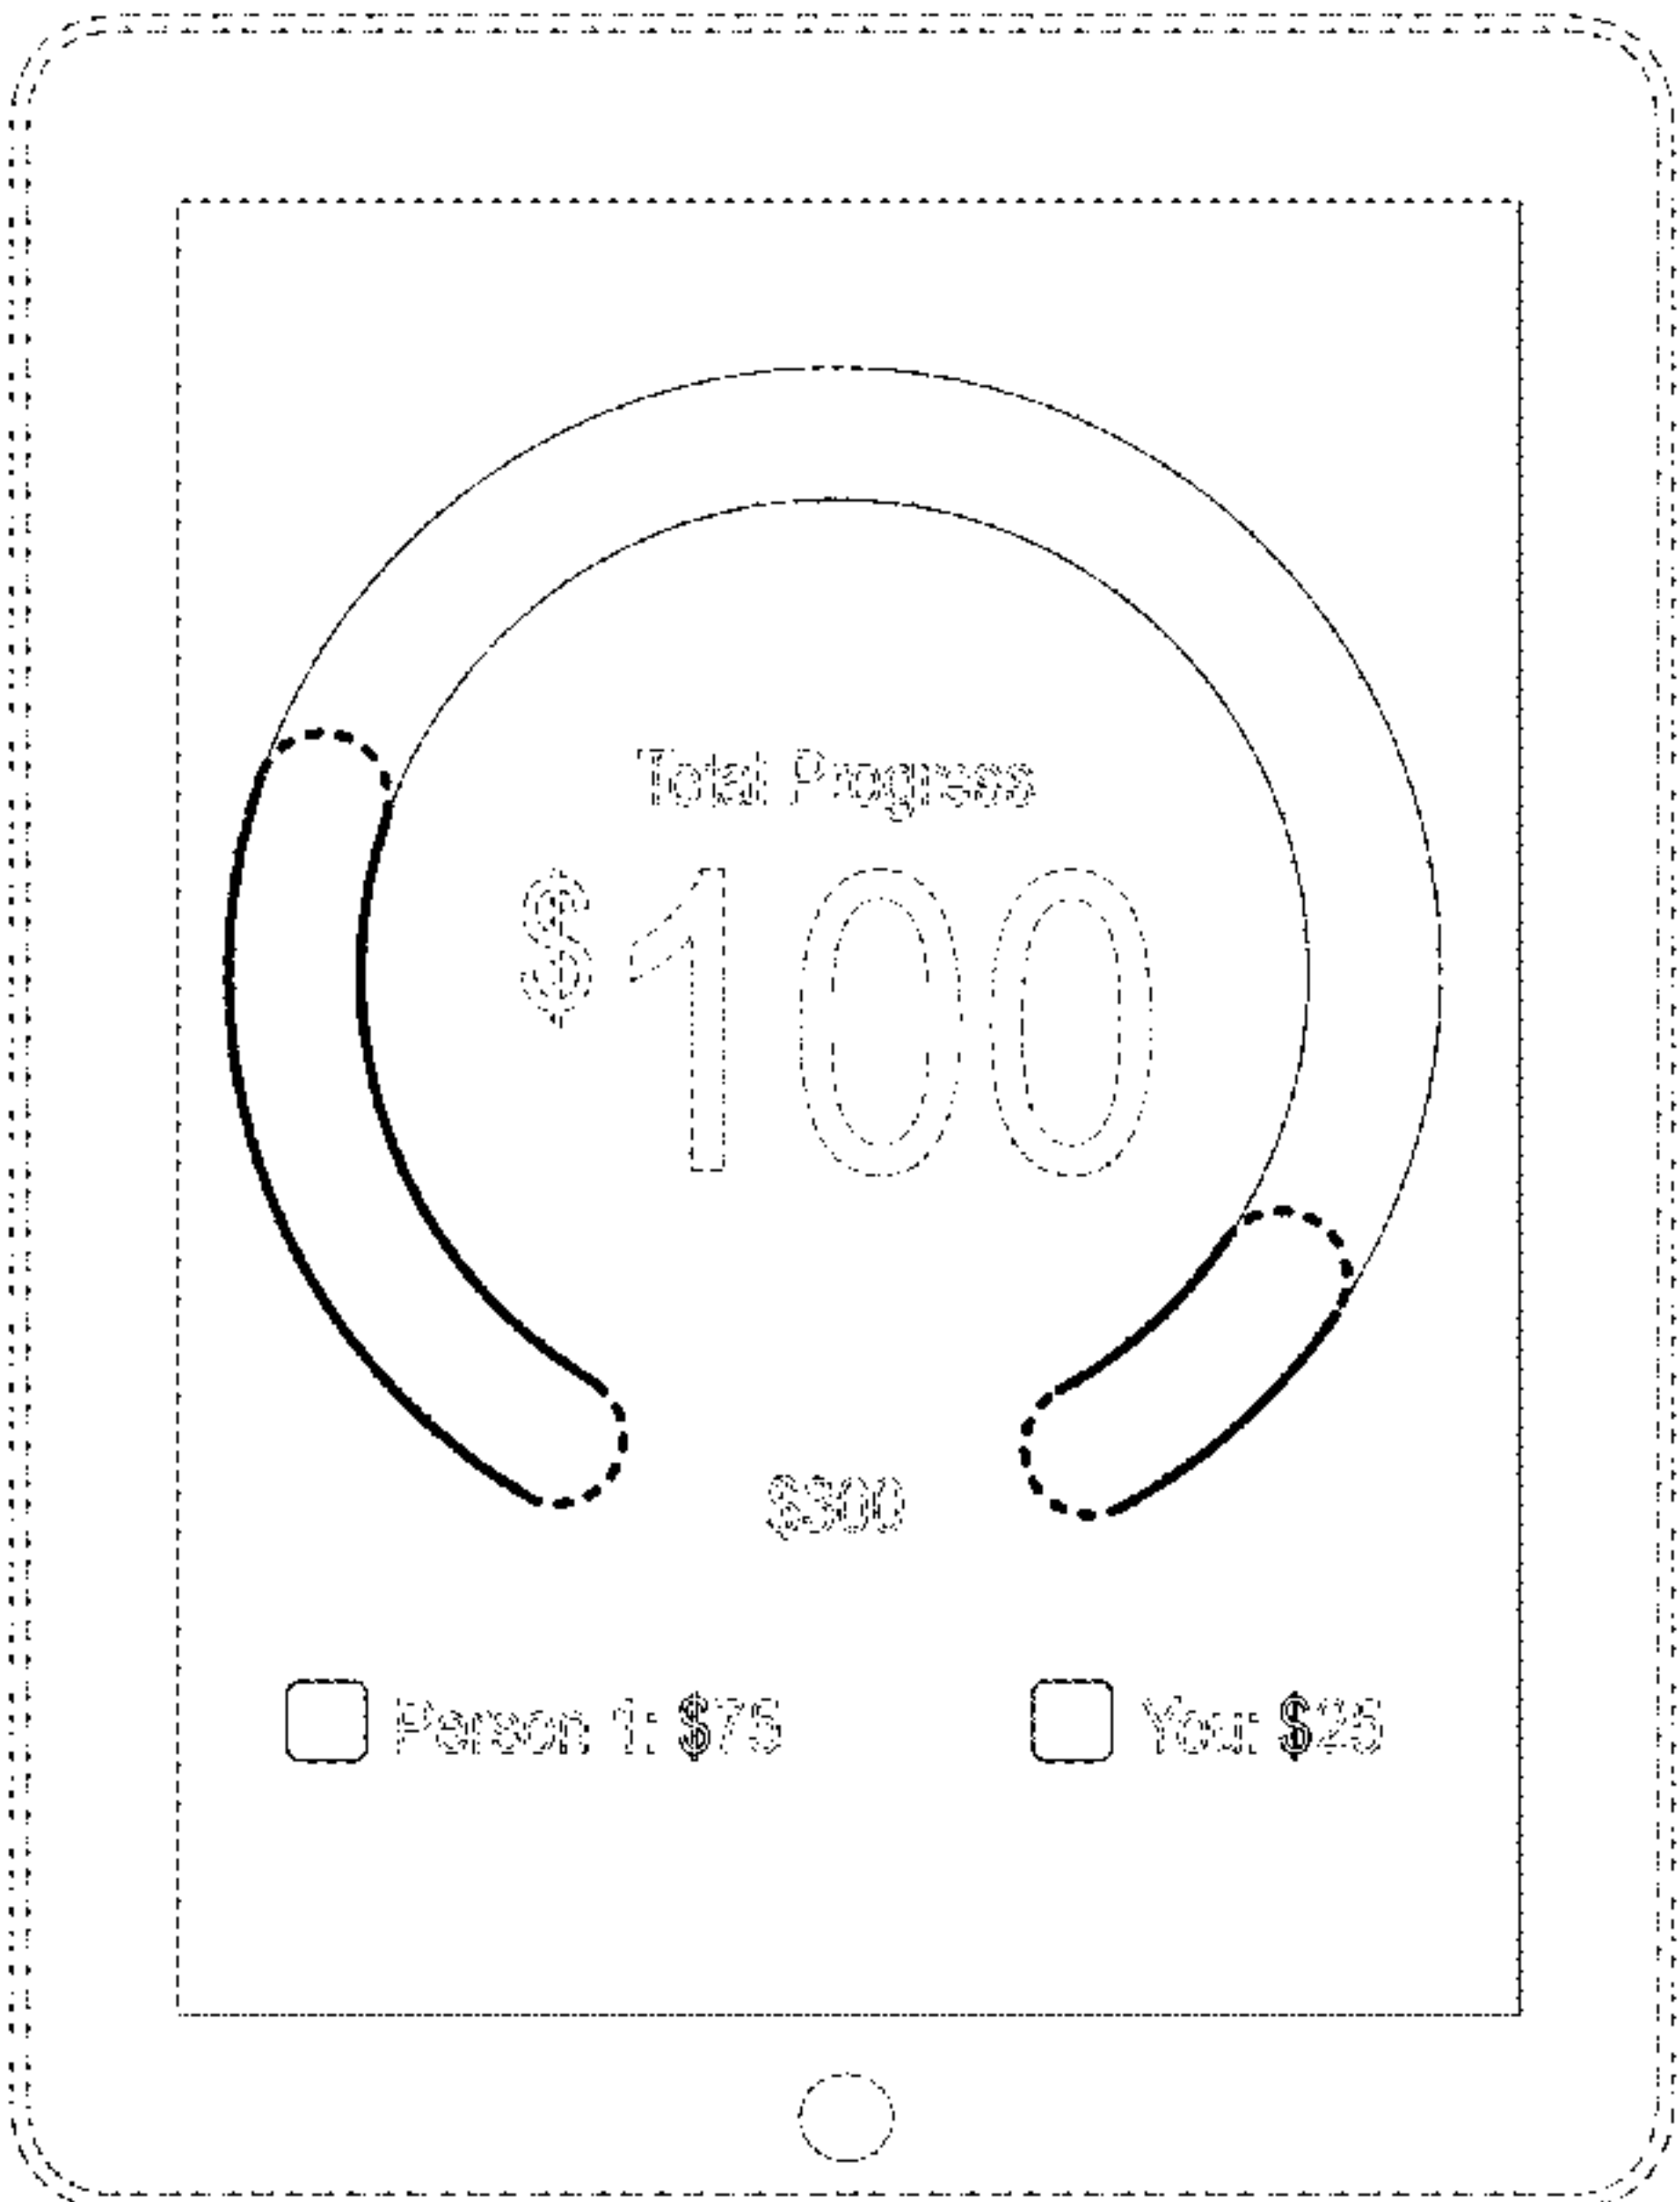

FIG. 2 is a front view of a mobile electronic device having a display screen with a graphical user interface showing the claimed design in a differing broken-line context.

FIG. 3 is a front view of a mobile electronic device having a display screen with a graphical user interface showing the claimed design in a differing broken-line context; and,

FIG. 4 is a front view of a mobile electronic device of with a display screen with a graphical user interface showing the claimed design in a differing broken-line context.

The outermost solid-line rectangular border illustrates a perimeter of the display screen of the mobile electronic device. The broken lines shown outside this perimeter illustrate portions of the electronic device. The broken lines within the perimeter illustrate portions of a graphical user interface. The broken lines form no part of the claimed design.
