(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design; and, FIG. 2 is a front view of a second embodiment thereof. The outer broken line perimeter showing the display screen and the broken lines within showing text and elements of the graphical user interface form no part of the claimed design.
